Subject: DM 11-210 Maneru-Agraz deficiency and status

The application is under review. There are some regulatory updates which we are working to incorporate in our registration process. It is causing some delays which we are hoping to overcome soon.

We found one deficiency in your application. Although you attached your business license from other states, it seems like you did not provide the Authorization to do business in New Hampshire from the secretary of state as required under Puc 2006.02(5). Please provide the required document to complete your application.

If you have any question, please do not hesitate to contact me. Thanks!

Subject: Status on Application

I would like to check status on an application we did to serve the New Hampshire electricity market as an aggregator. Our company name is Maneri-Agraz, LLC. If there is a number I can call to get this information I would appreciate it.

Thank you
Darlana Barnett
