**Re: DE 11-____; Granite State Electric Company d/b/a National Grid
Tariff Revisions – Revolving Loan Fund Established under RGGI**

Dear Ms Howland:

On behalf of Granite State Electric Company d/b/a National Grid, enclosed for filing in accordance with PUC 1603.03 are an original and two copies of proposed tariff revisions relating to National Grid's revolving loan fund for energy efficiency projects authorized as part of a grant under the Regional Greenhouse Gas Initiative ("RGGI"). The proposed revisions are the result of discussions between National Grid and the Commission's Sustainable Energy Division and are intended to extend the term of loans that are made under the program as well as increase the maximum loan amount and to make such loans available to commercial and industrial customers.

Please do not hesitate to contact me if the Commission has any questions regarding the enclosed filing.

Very truly yours,

Carol J. Holahan
