Re: **Docket DE 11-250 Investigation of Scrubber Costs and Recovery  
Memorandum Regarding Permitting Issues**

Dear Ms. Howland,

Enclosed for filing, please find an original and seven copies of the memorandum of Conservation Law Foundation ("CLF") in the above-referenced docket. CLF acknowledges that at the hearing in this matter, the Commission established yesterday as the due date for this memorandum and requests that the Commission accept and consider it in the interests of justice. The Memorandum relies on information received from Public Service Company of New Hampshire ("PSNH") on Thursday March 15 and on the transcript of the hearing conducted on March 12, which we received only yesterday. It is apparent that PSNH had access to both of these documents prior to CLF's receipt of them.

Please contact me should you have any questions. Thank you for your attention to this matter.

Sincerely,

N. Jonathan Peress
