Dear Public Utilities Commission,

Based on the Senate Bill 324 that was signed into law on June 16, 2014 revising the Public Utilities Commission Assessment statute, RSA 363-A Atlantic Group Energy, Inc. would like to request withdrawal of its registration under docket DM 13-359 and DM 11-252 and DM-11-251 and DM 10-002 as a provider of electric load/natural gas aggregation service with the Public Utilities Commission of New Hampshire, effective as of June 30, 2014. Atlantic Group Energy, Inc. is a broker of retail energy and not an aggregator. Due to the lack of a definition of our services in the statute we feel that the assessment of \$2000 annually is excessive.

If for some reason the statute is revised to address the difference between an aggregator and a broker we would like the ability to have our license re-instated without prejudice.

We currently have no retail customers, and we have not served any retail customers during the past 90 days.

Thank you,

Arthur N. Luke
President
Atlantic Group Energy, Inc.
