SUBJECT: DM 11-264 Notice of Atlantic Power Partner, LLC (Atlantic Power) intent to register as a provider of electric aggregation service; Staff Recommendation

TO: Debra Howland
Executive Director

On December 8, 2011, the Commission received Atlantic Power Partner LLC's notice of intent to register to provide electric aggregation service in the State of New Hampshire, pursuant to New Hampshire Administrative Rules Puc 2003.05. Atlantic Power's application was initially incomplete as it did not provide a copy of its authorization to do business in New Hampshire from the Secretary of State which is required pursuant to Puc 2006.02(5). On May 7, 2012, Atlantic Power requested a waiver of Puc 2003.04(h) with respect to the amount of time for completion of an incomplete application. On August 6, 2012, Atlantic Power filed the required document to complete its application. Staff recommends that the application be considered complete and that the Commission grant the waiver of Puc 2003.04(h).

The application has been reviewed and the Company has complied with the requirements of Puc 2006.02. Staff recommends that Atlantic Power's application to register as a provider of electric aggregation service in New Hampshire be approved.
