Petition to Authorize Borrowing

Dear Ms. Howland:

Enclosed are an original and 8 copies of a petition to authorize borrowing, and of a motion to consolidate that petition with the rate investigation in Docket No. DW-10-306. Please present them to the commission for action. PDF copies of these two documents have been sent to Attorney Thunberg and other water staff involved in the rate case.

Thank you for your assistance. If you have any questions, please call.

Sincerely,

David William Jordan
