**REF: DOCKET NUMBER DM 11-275 SUPPLEMENTAL INFORMATION AND REVISION TO
APPLICATION FOR REGISTRATION AS A NATURAL GAS AGGREGATOR**

Dear Ms. Howland,

With respect to certain deficiencies in my initial application for registration as a natural gas aggregator under the registered name of US Energy Management Services in the State of New Hampshire, per Docket #: DM 11-275, this letter supplements my application to complete the information required for such registration, according to Puc 3000, Code of Competitive Rules.

Firstly, I wish to provide further clarification to my Request for Waiver, per Puc 3003.04 (a), where I had learned that I had to be registered to sell natural gas in New Hampshire only when I was asked by Hess Energy to forward a copy of my registration, prior to this application, where I had inadvertently sold gas in New Hampshire on a very limited basis to 2 small hotel accounts (as outlined in my original Request for Waiver), since 2008, with the customer being located in Pittsburgh, PA, and where I do not sell gas directly in New Hampshire. These 2 accounts use both natural gas and electricity where, in 2008, I had initially become registered in New Hampshire to sell electricity (with a renewal in 2010, Ref; Docket #: DM10-187), per Rule Puc 2000, but where I had been unaware of the need to also become registered to sell natural gas. I had included a copy of my electric renewal registration letter for electricity in my original application.

Secondly, in item #6 (A list of CNGSs in New Hampshire through which the applicant intends to provide service) in my original application, where I had referenced Hess Energy only, my intent was not to be limited solely to Hess (where Hess is the only CNGS with which I have done business in New Hampshire for both natural gas and electricity), as a revision to my original filing I wish to add the following CNGSs to this list: Metromedia Energy, Santa Buckley Energy, and Sprague Operating Resources. I may wish to add to this list later when, at that time, I would notify you of any addition. See attached revised application.

I hope this completes information requirements for my application where I may anticipate an approval accordingly.

Truly Yours,

John Orr
