SUBJECT: Staff Recommendation
DM 11-286 Summit Energy Services, Inc.
Natural Gas Aggregator Registration Application

TO: Debra Howland
Executive Director

Staff has completed its review of the revised natural gas aggregator registration application for Summit Energy Services, Inc. (Summit), as originally filed on December 27, 2011 and revised on January 23, 2012. The registration application was initially filed in a format that did not follow the requirements of Puc 3004.04. The revised registration application is now complete and in compliance with the requirements of Puc 3003.04.

Staff recommends approval of the revised application for Summit as a natural gas aggregator in New Hampshire. The effective date should coincide with the date of the approval letter. This is an initial natural gas aggregator registration and as such carries a term of two years from the approval date.

Should you have any questions regarding this registration application, please do not hesitate to Alexander Speidel of the Legal Division or Robert Wyatt of the Gas/Water Division.
