Unitil Energy Systems, Inc., (“UES” or “Company”) submits this Petition
requesting:

1) approval of the New Hampshire Public Utilities Commission (“Commission”) of UES’s solicitation and procurement of one contract for Default Service (“DS”). The contract is for 100 percent of large customer (G1) default service requirements for three months in duration, August 1, 2012, through October 31, 2012; and

2) approval of the proposed tariff incorporating the results of this solicitation into rates. As part of this request, and as discussed more fully below, UES seeks a final order granting the approvals requested herein no later than June 15, 2012. In support of its Petition, UES states the following:

Petitioner

The solicitation

process was conducted in accordance with the model schedule contained in the Settlement Agreement.

UES submits this Petition in compliance with the Settlement Agreement and orders issued in Docket No. DE 05-064 and subsequent related proceedings, and requests approval of the results of its most recent solicitation, as described more fully below and in the attached exhibits, and also requests approval of the tariff included with this filing.

Confidential Treatment

UES seeks protective treatment with respect to certain information contained in Exhibit TMB-1 and Exhibit LSM-1 and in the e-mails exchanged with the Staff and the OCA on June 6, 2012 containing the confidential material. The Company is relying on Puc 201.06 and Puc 201.07 in its request.

Request for Approvals

UES respectfully requests that the Commission issue a final order no later than June 15, 2012, containing the following findings of fact, conclusions and approvals:

1. FIND that UES has followed the solicitation process approved by the Commission;
2. FIND that UES's analysis of the bids submitted was reasonable;
3. FIND that UES has supplied a reasonable rationale for its choice of supplier.
4. CONCLUDE that, based upon the above Findings, the power supply costs resulting from the solicitation are reasonable;
5. CONCLUDE that, based upon the above Findings and Conclusion that the power supply costs resulting from the solicitation are reasonable, and subject to the ongoing obligation of UES to act prudently, according to law and in conformity with Commission orders, the amounts payable to the seller for power supply costs under the power supply agreements for G1 customers are approved for inclusion in retail rates beginning August 1, 2012.
6. GRANT APPROVAL of the tariff changes requested herein.

Conclusion

For all of the foregoing reasons, UES requests that the Commission grant it the approvals requested in this Petition, and for such other relief as the Commission may deem necessary and proper.
