SUBJECT: Staff Recommendation
DM 12-032 Energy New England, LLC d/b/a ENE Energy New England
Natural Gas Aggregator Registration Application

TO: Debra Howland
Executive Director

Staff has completed its review of the natural gas aggregator renewal registration application for Energy New England, LLC d/b/a ENE Energy New England, filed on January 30, 2012. The application was received after the renewal deadline. Staff is unaware of any complaints regarding the applicant's business activities in New Hampshire. The registration application is now complete and in compliance with the requirements of Puc 3003.04.

Staff recommends the natural gas aggregator registration be renewed, with an effective date of September 16, 2011, which coincides with the expiration of the initial registration. Staff recommends that the approval letter should include added emphasis that the applicant has a responsibility to become more familiar with commission rules and to comply with the requirements related to Puc 3000. As noted above, the effective date should coincide with the expiration date of the initial registration, September 16, 2011. This is a renewal natural gas aggregator registration and as such carries a term of five years from the effective date.

Should you have any questions regarding this registration application, please do not hesitate to Alexander Speidel of the Legal Division or Robert Wyatt of the Gas/Water Division.
