Re: DE 12-038 Draker Laboratories' Request for Certification as an Independent Monitor Pursuant to Puc 2505.09

Dear Mr. Randall:

On February 8, 2012, the New Hampshire Public Utilities Commission (Puc) received an application from Draker Laboratories (Draker) seeking certification as an independent monitor pursuant to N. H. Code of Administrative Rules Puc 2505.09. Draker has proposed that the firm would provide monitoring services for owners of customer-sited sources in New Hampshire that qualify for New Hampshire renewable energy certificates (RECs).

Puc 2509.09 provides a listing of qualifications that are accepted for independent monitors. The rule intends for the certification of an individual, therefore your application cannot be approved as submitted. Please provide the Puc with a separate application for each of the individuals at Draker that will be performing the tasks required of an independent monitor along with their qualifications.

Submission of the above modification and verification must be received by the Commission to complete your application. Until such time, it cannot be processed. If the requested information and documentation are not provided within ten business days of the date of this letter, your application will be denied without prejudice. Please refer to docket number **DE 12-038** in all future correspondence with the Commission.

Your response should include an original and three copies sent to the attention of the Commission's Executive Director:

Debra A. Howland  
Executive Director & Secretary  
New Hampshire Public Utilities Commission  
21 South Fruit Street, Suite 10  
Concord, NH 03301-2429

Please also send an electronic copy via email to my email address below. Should you have any questions, please do not hesitate to contact me. My direct line is 603-271-6011 and my e-mail address is [barbara.bernstein@puc.nh.gov](mailto:barbara.bernstein@puc.nh.gov).

Sincerely,

A handwritten signature in cursive script, appearing to read "Barbara Bernstein".
