**Re: DT 12-\_\_\_ Comcast of Maine/New Hampshire, Inc. et al. Petition for General License to Cross Over Public Waters**

Dear Ms. Howland:

Enclosed for filing with the Commission please find an original and six copies of a Petition for General License to Cross Over Public Waters filed on behalf of Comcast of Maine/New Hampshire, Inc. et al. ("Comcast"). This filing is made pursuant to an agreement with Commission Staff to resolve the issues raised in Commission Order No. 25,175 issued November 30, 2010 in Docket DT 10-239.

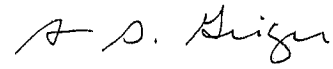

Also submitted herewith are two boxes of documents containing information relative to the 240 water crossings that are the subject of Comcast's Petition. One box contains public/redacted documents and the second box (marked "confidential") contains two confidential/unredacted copies of the same documents. A flash drive containing the confidential/unredacted documents in electronic format is also submitted herewith in an envelope marked "confidential." **Please note that the box marked confidential and the flash drive contain confidential information that should not be posted on the Commission's website or otherwise publicly disclosed.** This information is submitted subject to the enclosed Assented-To Motion for Protective Order and Confidential Treatment, six copies of which are filed herewith.

Due to the number of supporting documents provided with the Petition, Comcast seeks a waiver of Commission Rule Puc 203.02(a)(1) which requires the filing of seven copies of all documents. Commission Staff Attorney Lynn Fabrizio has consented to this waiver request. Pursuant to instructions from Staff, Comcast has submitted one redacted and two unredacted copies of supporting documentation for each water crossing that is the subject of Comcast's Petition.

Please do not hesitate to contact me if you have any questions about these filings. Thank you for your assistance and cooperation in this matter.
