Re: DT 12-083: Petition to Amend CLEC Authority

Dear Mr. Lackey:

On March 28, 2012, National Mobile Communications Corp.. d/b/a SoVerNet Communications (Sovernet) petitioned the Commission to amend its existing authority to offer competitive local exchange service, authorized by CLEC certification No. CL-06-003-05, issued June 7, 2005. Sovernet seeks to expand its authorization from those areas formerly served by Verizon Communications, to include the entire state of New Hampshire.

This request to expand the area of authorization has been approved, and is documented in the attached revised certificate: CLEC certification CL-06-003-005, issued April 23, 2012, now specifying the entire state.

As a reminder, as Sovernet conducts business in New Hampshire, the Commission expects the company to comply with all applicable rules and provide the highest level of customer service. The filing requirements that Sovernet has previously followed remain in effect, including requirements for annual reports due March 31st of each year.

Please refer to CL-06-003-05 in any future correspondence. If you or Sovernet have any questions, please do not hesitate to contact me in the Telecommunications Division at (603) 271-2431.

Sincerely,

A handwritten signature in blue ink, appearing to read "Michael Ladam".
