Franchise Fees and Sales Tax

Programming prices do not include tax and franchise fees. Each municipality sets the franchise fee percentage therefore they will vary. You may see a slight increase in both sales tax and franchise fees because they are calculated as a percentage of your service costs.

Access Fees

Some towns or cities may charge an access fee that covers the cost of providing for local access programming. Contact information for your community's Local Franchising Authority can be viewed at www.timewarnercable.com/NewEngland in the Community menu.

*Some channels and services not available in all areas. The prices in this notice reflect the retail prices for some of our products and services. Some customers may receive promotional pricing and/or optional channel line ups. Prices for service for those customers who subscribe to special promotional offers and/or packages may not necessarily be reflected in this notice.

December 2008

Dear Valued Customer,

Time Warner Cable is proud to serve as your local provider of the most advanced video, voice and data services available. Your satisfaction remains our number one priority and our local call center and 18 offices located throughout our service area in Maine and New Hampshire are here to support this goal.

While we have worked to keep price increases to a minimum, programming and operational costs continue to escalate at a rapid pace. We have provided our new 2009 prices inside this brochure that will take effect on your January bill.

Please let us know if we can answer any questions about the enclosed information. Our local Call Center is available by dialing 1-800-833-2253, or you can go on-line at www.timewarnercable.com/newengland, and click on the "Contact Us" button located on the top right hand corner of the front page.

Time Warner Cable is proud to be a part of the local economy as well as an active member in the community. We demonstrate this through our investment and commitment to the communities that we serve. For additional information on events and our community outreach initiatives please visit www.yourtownscable.com.

We understand that you have choices to make when it comes to selecting providers for your video, internet and phone services and we appreciate your business. Thank you for choosing Time Warner Cable.

Sincerely,
Time Warner Cable

October 2010

Dear Valued Customer,

Time Warner Cable is proud to serve as your local provider for all your video, voice and high speed services. We spent the last year investing \$65 million in our infrastructure to increase network reliability and deliver additional services to our customers.

More Services, Features, Channels for our Customers:

- Adding great new HD content including popular channels such as Spike TV HD, CMT HD, Nickelodeon HD, History Channel International HD, Comedy Central HD and Nat Geo Wild HD.
- Launching VoiceZone across our service area—allowing you to control and monitor your Digital Home Phone service from any Internet-connected computer.
- Extending broadband availability to rural portions of our service area.
- Providing over 400 hours of local programming each year—covering dozens of local high school sports games and highlighting important health and economic issues affecting customers across Maine and New Hampshire.
- Improving appointment windows for installation and service calls as well as increasing weekend appointment availability.
- Keeping our commitment to local customer service with 24/7 Call Center support and 17 office locations across Maine and New Hampshire.

Connecting Our Communities:

Time Warner Cable's investments go beyond our innovative efforts to keep customers connected to entertainment, information and each other. For more than 30 years we have contributed to the local communities we serve in a number of ways.

- Extensive Local On-Demand library focusing on people and places in New England.
- Over 700 schools and libraries across our service area have free access to cable television and high speed internet.
- A dedicated focus on engaging students on the importance of science, technology, engineering and math to remain competitive as individuals and as a country.

Our pricing information provided on the inside of this brochure will take effect with your December, 2010 bill. We know you have choices when it comes to selecting providers for your video, internet and phone services; we appreciate your business and look forward to serving you.

Thank you for choosing Time Warner Cable.

Regards,

Keith Burkley, RVP of Operations, New England

December 2009

Dear Valued Customer,

Time Warner Cable is proud to serve as your local provider for all your video, voice and high speed services. We spent the last year investing \$65 million in our infrastructure to increase network reliability and deliver additional services to our customers.

More Services, Features, Channels and Speed for our Customers:

- Launching 100 or more HD channels to a majority of our service area in 2009 with plans to expand to other areas in 2010.
- Providing customers with an extra boost of speed when downloading large files with PowerBoost technology.
- Extending broadband availability to rural portions of Maine and New Hampshire. In 2009, we made high speed internet available to thousands of additional homes in our service area.
- Providing over 400 hours of local programming each year—covering dozens of local high school sports games and highlighting important health and economic issues affecting customers across Maine and New Hampshire.
- Improving appointment windows for installation and service calls as well as increasing weekend appointment availability.
- Keeping our commitment to local customer service with 24/7 Call Center support and 17 office locations across Maine and New Hampshire.

Connecting Our Communities:

Time Warner Cable's investments go beyond our innovative efforts to keep customers connected to entertainment, information and each other. For more than 30 years we have contributed to the local communities we serve in a number of ways.

- Extensive Local On-Demand library focusing on people and places in New England.
- Over 700 schools and libraries across our service area have free access to cable television and high speed internet.
- Dozens of local charities benefit from our support—including hundreds of hours our employees spend volunteering.

Our 2010 pricing information provided on the inside of this brochure will take effect with your January bill. We know you have choices when it comes to selecting providers for your video, internet and phone services; we appreciate your business and look forward to serving you.

Thank you for choosing Time Warner Cable.

Franchise Fees and Sales Tax

Programming prices do not include tax and franchise fees. Each municipality sets the franchise fee percentage therefore they will vary. You may see a slight increase in both sales tax and franchise fees because they are calculated as a percentage of your service costs.

Access Fees

Some towns or cities may charge an access fee that covers the cost of providing local access programming. Contact information for your community's Local Franchising Authority can be viewed at www.timewarnercable.com/NewEngland in the Community menu.

*Some channels and services not available in all areas. The prices in this notice reflect the retail prices for some of our products and services. Some customers may receive promotional pricing and/or optional channel line ups. Prices for service for those customers who subscribe to special promotional offers and/or packages may not necessarily be reflected in this notice.

December 2009

Dear Valued Customer,

Time Warner Cable is proud to serve as your local provider for all your video, voice and high speed services. We spent the last year investing \$65 million in our infrastructure to increase network reliability and deliver additional services to our customers.

More Services, Features, Channels and Speed for our Customers:

- Launching 100 or more HD channels to a majority of our service area in 2009 with plans to expand to other areas in 2010.
- Providing customers with an extra boost of speed when downloading large files with PowerBoost technology.
- Extending broadband availability to rural portions of Maine and New Hampshire. In 2009, we made high speed internet available to thousands of additional homes in our service area.
- Providing over 400 hours of local programming each year—covering dozens of local high school sports games and highlighting important health and economic issues affecting customers across Maine and New Hampshire.
- Improving appointment windows for installation and service calls as well as increasing weekend appointment availability.
- Keeping our commitment to local customer service with 24/7 Call Center support and 17 office locations across Maine and New Hampshire.

Connecting Our Communities:

- Time Warner Cable's investments go beyond our innovative efforts to keep customers connected to entertainment, information and each other. For more than 30 years we have contributed to the local communities we serve in a number of ways.
- Extensive Local On-Demand library focusing on people and places in New England.
 - Over 700 schools and libraries across our service area have free access to cable television and high speed internet.
 - Dozens of local charities benefit from our support—including hundreds of hours our employees spend volunteering.

Our 2010 pricing information provided on the inside of this brochure will take effect with your January bill. We know you have choices when it comes to selecting providers for your video, internet and phone services; we appreciate your business and look forward to serving you.

Thank you for choosing Time Warner Cable.

Regards,

Keith Burkley, RVP of Operations, New England

December 2007

Dear Valued Customer,

Time Warner Cable is proud to serve as your local provider of the most advanced video, voice and data services available. Whether it's additional HD offerings, increased internet speeds with RoadRunner Turbo, or new in-state calling plans, your satisfaction remains our number one priority. Our local call center and 18 offices located throughout our service area in Maine and New Hampshire are here to support this goal.

While we have worked to keep price increases to a minimum and have not raised the price of our Road Runner High Speed Internet or Digital Phone services in the last several years, programming and operational costs continue to escalate at a rapid pace. We have provided our new 2008 prices inside this brochure that will take effect on your January bill.

Please let us know if we can answer any questions about the enclosed information. Our local, Portland, Maine Call Center is available by dialing 1-800-833-2253, or you can go on-line at www.timewarnercable.com/newengland, and click on the "Contact Us" button located on the top right hand corner of the front page.

Time Warner Cable is proud to be a part of the local economy as well as an active member in the community. We demonstrate this through our investment and commitment to the communities that we serve. For additional information on events and our community outreach initiatives please visit www.yourtownscable.com.

We understand that you have choices to make when it comes to selecting providers for your video, internet and phone services and we appreciate your business. Thank you for choosing Time Warner Cable

Sincerely,

Time Warner Cable

FRANCHISE FEES AND SALES TAX

Programming prices do not include tax and franchise fees. Each municipality sets the franchise fee percentage therefore they will vary. You may see a slight increase in both sales tax and franchise fees because they are calculated as a percentage of your service costs.

ACCESS FEES

Some towns or cities may charge an access fee that covers the cost of providing local access programming.

Contact information for your community's Local Franchising Authority can be viewed at www.timewarnercable.com/NewEngland in the Community menu.

*Some channels and services not available in all areas. The prices in this notice reflect the retail prices for some of our products and services. Some customers may receive promotional pricing and/or optional channel line ups. Prices for service for those customers who subscribe to special promotional offers and/or packages may not necessarily be reflected in this notice.

December 2007

Dear Valued Customer,

Time Warner Cable is proud to serve as your local provider of the most advanced video, voice and data services available. Whether it's additional HD offerings, increased internet speeds with RoadRunner Turbo, or new in-state calling plans, your satisfaction remains our number one priority. Our local call center and 18 offices located throughout our service area in Maine and New Hampshire are here to support this goal.

While we have worked to keep price increases to a minimum and have not raised the price of our Road Runner High Speed Internet or Digital Phone services in the last several years, programming and operational costs continue to escalate at a rapid pace. We have provided our new 2008 prices inside this brochure that will take effect on your January bill.

Please let us know if we can answer any questions about the enclosed information. Our local, Portland, Maine Call Center is available by dialing 1-800-833-2253, or you can go on-line at www.timewarnercable.com/newengland, and click on the "Contact Us" button located on the top right hand corner of the front page.

Time Warner Cable is proud to be a part of the local economy as well as an active member in the community. We demonstrate this through our investment and commitment to the communities that we serve. For additional information on events and our community outreach initiatives please visit www.yourtownscable.com.

We understand that you have choices to make when it comes to selecting providers for your video, internet and phone services and we appreciate your business. Thank you for choosing Time Warner Cable

Sincerely,

Time Warner Cable

FRANCHISE FEES AND SALES TAX

Programming prices do not include tax and franchise fees. Each municipality sets the franchise fee percentage therefore they will vary. You may see a slight increase in both sales tax and franchise fees because they are calculated as a percentage of your service costs.

ACCESS FEES

Some towns or cities may charge an access fee that covers the cost of providing local access programming.

Contact information for your community's Local Franchising Authority can be viewed at www.timewarnercable.com/NewEngland in the Community menu.

*Some channels and services not available in all areas. The prices in this notice reflect the retail prices for some of our products and services. Some customers may receive promotional pricing and/or optional channel line ups. Prices for service for those customers who subscribe to special promotional offers and/or packages may not necessarily be reflected in this notice.

December 2007

Dear Valued Customer,

Time Warner Cable is proud to serve as your local provider of the most advanced video, voice and data services available. Whether it's additional HD offerings, increased internet speeds with RoadRunner Turbo, or new in-state calling plans, your satisfaction remains our number one priority. Our local call center and 18 offices located throughout our service area in Maine and New Hampshire are here to support this goal.

While we have worked to keep price increases to a minimum and have not raised the price of our Road Runner High Speed Internet or Digital Phone services in the last several years, programming and operational costs continue to escalate at a rapid pace. We have provided our new 2008 prices inside this brochure that will take effect on your January bill.

Please let us know if we can answer any questions about the enclosed information. Our local, Portland, Maine Call Center is available by dialing 1-800-833-2253, or you can go on-line at www.timewarnercable.com/newengland, and click on the "Contact Us" button located on the top right hand corner of the front page.

Time Warner Cable is proud to be a part of the local economy as well as an active member in the community. We demonstrate this through our investment and commitment to the communities that we serve. For additional information on events and our community outreach initiatives please visit www.yourtownscable.com.

We understand that you have choices to make when it comes to selecting providers for your video, internet and phone services and we appreciate your business. Thank you for choosing Time Warner Cable

Sincerely,

Time Warner Cable

December 2007

Dear Valued Customer,

Time Warner Cable is proud to serve as your local provider of the most advanced video, voice and data services available. Whether it's additional HD offerings, increased internet speeds with RoadRunner Turbo, or new in-state calling plans, your satisfaction remains our number one priority. Our local call center and 18 offices located throughout our service area in Maine and New Hampshire are here to support this goal.

While we have worked to keep price increases to a minimum and have not raised the price of our Road Runner High Speed Internet or Digital Phone services in the last several years, programming and operational costs continue to escalate at a rapid pace. We have provided our new 2008 prices inside this brochure that will take effect on your January bill.

Please let us know if we can answer any questions about the enclosed information. Our local, Portland, Maine Call Center is available by dialing 1-800-833-2253, or you can go on-line at www.timewarnercable.com/newengland, and click on the "Contact Us" button located on the top right hand corner of the front page.

Time Warner Cable is proud to be a part of the local economy as well as an active member in the community. We demonstrate this through our investment and commitment to the communities that we serve. For additional information on events and our community outreach initiatives please visit www.yourtownscable.com.

We understand that you have choices to make when it comes to selecting providers for your video, internet and phone services and we appreciate your business. Thank you for choosing Time Warner Cable

Sincerely,

Time Warner Cable

Dear Valued Customer,

Time Warner Cable is proud to serve as your local provider of the most advanced video services available and your satisfaction remains our number one priority. Our local call center and 18 offices located throughout our service area in Maine and New Hampshire are here to support this goal.

While we have worked to keep price increases to a minimum, programming and operational costs continue to escalate at a rapid pace. We have provided our new 2008 prices inside this brochure that will take effect on your January bill.

Please let us know if we can answer any questions about the enclosed information. Our local, Portland, Maine Call Center is available by dialing 1-800-833-2253, or you can go on-line at www.timewarnercable.com/newengland, and click on the "Contact Us" button located on the top right hand corner of the front page.

Time Warner Cable is proud to be a part of the local economy as well as an active member in the community. We demonstrate this through our investment and commitment to the communities that we serve. For additional information on events and our community outreach initiatives please visit www.yourtownscable.com.

We understand that you have choices to make when it comes to selecting providers for your video, internet and phone services and we appreciate your business. Thank you for choosing Time Warner Cable

Sincerely,

Time Warner Cable
