Re: DM 12-115 Easy Energy of Massachusetts, LLC  
Registration as a Competitive Electric Power Supplier  
Deficiency Letter

Dear Ms. Campbell:

On May 1, 2012, the New Hampshire Public Utilities Commission received an application from Easy Energy of Massachusetts, LLC (Easy Energy) for its registration as a competitive electric power supplier (CEPS). In its application, Easy Energy mentioned that it is in the process of completing EDI testing pursuant to Puc 2003.01(d)(1), and will submit financial surety pursuant to Puc 2003.03(a)(1) in the near future. To date, Easy Energy has not provided those documents and thus Easy Energy's application remains incomplete.

Please address these deficiencies within 30 days so that Staff may proceed with your registration as a CEPS. Failure to respond in a timely manner may result in the Commission dismissing, without prejudice, Easy Energy's application. Also, please be advised that you should reference the docket number, DM 12-115, in all future correspondence with the Commission. Should you have any questions, please do not hesitate to contact me.

Sincerely,

  
Al-Azad Iqbal -  
Utility Analyst III
