APPEARANCES:

**John T. Pendleton, Esq., Dwyer, Donovan & Pendleton for Pennichuck East Utilities, Inc.**  
**Marcia A.B. Thunberg, Esq., for Staff of the NH Public Utilities Commission**  
**Sandra L. Crane for self**  
**Felix Quintal for self**

AFFIDAVIT FILED: **Yes**

INTERVENTION GRANTED:

NOTES:

**Company's Petition filed because concern with the tank on the corner of four properties. Pennichuck has obtained easements from two of the four parties. Having difficulty with the remaining two respondents. Goal to obtain limited easements to be able to change the tank that needs to be changed. Hopes are to resolve the issue before a formal hearing.**

**Mr. Quintal does not feel that they have a right to come on to his property. Offered the company an option to come on to his property get the tank and get off his property. Was declined by the company. Totally against having an easement for his property. Did not realize that the PUC gives permission to allow company to authorize the company to spend \$60,000.00. Has trouble with the management, not the workers. No intention of signing over his property no matter what.**

**Ms. Crane's concerns resolves around a shed that she owns and doesn't not want moved and also concerns about her privacy from other homes. Also concerned that the new tank will only serve the 25 homes in the area. If she wants to sell her home an easement on the property might have to her being able to sell her home. Does not want to give an easement and has given the permission for the company to do what they need to do regarding the tank and does not understand why she must sign over her property when she has granted permission.**

**Staff realizes that this is an older system and improvements must be made to the system to keep it working properly. Staff understands the customers concerns and understands that the methods that are used sometimes offend others and will work at their best to see that explanations are made so offense to people are not happening.**
