segTEL 1-8: Please provide the number of each of the following types of carriers, unaffiliated with TDS, that provide service in the TDS territories:

- a. Cable television providers registered with the New Hampshire Public Utilities Commission as Competitive Local Exchange Carriers (CLECs) and providing voice service over its network.
- b. Competitive Local Exchange Carriers
- c. Providers with fiber optic cable installed on TDS company poles.

Response:

- a. To our knowledge, no cable television carriers are registered as CLECs in TDS service territories at this time. ✓
- b. To our knowledge, no CLECS provide service in TDS territory at this time. ✓
- c. Comcast has a great deal of fiber optic cable installed in much of the TDS territory. While the Petitioners did not attempt to locate and identify fiber optic cable on the maps included in response to Staff 1-37, the Petitioners are certain fiber optic cable is utilized by the cable companies. Verizon has fiber optic cable in some parts of the TDS territory as well.
