To Staff Set 1 Data Requests
September 7, 2007

STAFF 1-97: By agreement, this request has been revised to state as follows: Ulrich Testimony, Page 12, line 20. Please list the average prices annually for the years 2000 – 2006 for basic local service for TDS.

Response:

The Petitioners object to Staff Data Request 1-97 on the grounds that it is overbroad and unduly burdensome in scope and time and that it seeks information of a third party not under control of the Petitioners. Subject to and without waiving these objections, the Petitioners will provide information responsive to Staff Data Request 1-97.

There have been no changes to basic local service rates in the years 2000-2006 with the possible exception of changes in surcharges, taxes or customer credits associated with Commission dockets. The current rates for basic local service can be located in tariffs on file at the NHPUC or via the PUC website.

Michael C. Reed is responsible for this response.
