Patnode 1-1: Please list the person(s) that make pricing decisions for Merrimack County Telephone Company ("MCT"), for Wilton Telephone Company, Inc. ("WTC"), for Kearsarge Telephone Company, Inc. ("KTC") and Hollis Telephone Company, Inc. ("HTC").

Response:

Pricing decisions are not necessarily made at an individual company specific level. TDS Telecom has a Market, Sales and Customer Operations Department that deals with all facets of marketing, sales and customer contacts. Within this group, individual product managers handle certain products and services in multiple companies, multiple states and possible TDS system wide. Pricing decisions are made within this group, with input from the Government and Regulatory Affairs Group where necessary. So there are a wide range of people who could affect the price of a specific product or service.
