To Staff Set 1 Data Requests
September 7, 2007

STAFF 1-45: By agreement, this request has been revised to state as follows:
Reed Testimony, Page 14, line 13. Please provide a list of the types of bundled offerings by competitors on which Mr. Reed relies for his testimony.

Response:

The Petitioners object to Staff Data Request 1-45 on the ground that it seeks information of third parties not under the control of the Petitioners. Subject to and without waiving this objection, the Petitioners will provide information responsive to Staff Data Request 1-45.

The Petitioners relied on competitors' websites for the details of the products and bundles they offer by area or locations. Wireless websites list the various packages of minutes, local and long distance, roaming minutes, family packages, international calling, etc. Comcast lists their packages including Comcast Digital Voice. Vonage lists unlimited local and long distance. Printed examples of these websites can be found in the Petitioners' response to segTel 1-2.

Examples include but are not limited to:

Wireless - America's Choice Basic with 6 different packages of minutes for calls within US, prices range from \$39.99 –\$199.99 per month. Some include unlimited calling night and weekends, features, etc.

VoIP- Unlimited local and long distance including 25 features at \$ 24.99 per month.

Cable – Digital Voice unlimited local and nationwide long distance calls, plus 12 features for \$33 per month when bundled with video and internet.

Michael C. Reed is responsible for this response.
