Re: DW 10-141 Lakes Region Water Company, Inc.
Request for Approval of Rate Case Expenses

Dear Ms. Howland:

On August 30, 2012, Lakes Region Water Company, Inc. (Company or LRWC) made a filing with the Commission requesting approval for recovery of its rate case expenses incurred in connection with Commission Docket DW 10-141 as provided for by Commission Order No. 25,391 dated July 13, 2012. LRWC initially requested recovery of a total of \$251,772.46 in rate case expenses. The Company's filing included a schedule showing the detailed amounts from each of its rate case vendors for which it was seeking recovery. Of the total amount submitted, \$246,272.46 represented actual billings through July of 2012 and \$5,500.00 represented estimated billings for services anticipated to be rendered by these vendors during subsequent months. LRWC requested that it be allowed to fully recover its proposed rate case expenses over a 12-month period encompassing four billing quarters. Based on 1,643 customers, this would have resulted in a quarterly surcharge per customer of \$38.31.

In addition to LRWC's initial filing, the Company also provided the parties in this proceeding with detailed copies of the various vendor invoices in support of their request for rate case expense recovery. On September 14, 2012, LRWC submitted a copy of an invoice from Upton & Hatfield, LLC containing an additional \$7,709.80 in proposed rate case expenses incurred during the month of August 2012. A redacted copy of this invoice is attached to this correspondence. Also, on September 14, 2012, an initial technical session was held amongst the parties where LRWC's filing and supporting invoices were discussed. As a result of that technical session, LRWC was asked to provide more detailed information regarding the nature of

the services provided by Norman E. Roberge as they pertained to the rate case proceeding. The Company provided this information on September 18, 2012. A copy of the Company's response is attached to this correspondence.

On October 11, 2012, Staff submitted additional discovery questions to the Company concerning its rate case expense filing. LRWC responded to these discovery requests on October 29, 2012. A redacted copy of the discovery responses received from LRWC have been attached to this correspondence. Included in the discovery responses were copies of three additional invoices from Norman E. Roberge containing additional proposed rate case charges totaling \$1,760.00 incurred from July through September 2012. The discovery responses also contained copies of two additional invoices from Stephen P. St. Cyr containing additional proposed rate case charges totaling \$1,417.50 incurred in August and September 2012, as well as a copy of an invoice from Upton & Hatfield, LLC containing proposed rate case charges incurred in September 2012 totaling \$4,128.33.

Staff performed an extensive analysis of all of the copies of invoices submitted by LRWC. Staff reviewed every transaction on every invoice in an attempt to determine the portion of charges actually related to the DW 10-141 rate case that would be eligible for recovery via a customer surcharge. Staff also determined the portion of charges submitted by LRWC that were related to other NHPUC dockets in which the Company was involved in addition to other activities that were not related to the rate case¹. A copy of Staff's analysis is attached to this correspondence. Following is a summary of Staff's initial conclusions regarding the proper allocation of these costs to various categories of Lakes Region cases or operational tasks:

<u>LRWC Activity</u>	<u>Amount</u>	<u>Percentage</u>
DW 10-141: LRWC Rate Case Docket	\$152,965.97	58.05%
DW 07-105: LRWC Compliance Docket	81,921.06	31.09%
DW 08-070: LRWC Financing/Step Increase Docket	3,855.99	1.46%
DW 09-184: LRWC Rate Case Docket (closed)	8,293.36	3.15%
DA 10-043: LRWC Affiliate Agreement Docket	1,878.33	0.71%
DW 11-021: LRWC Finance Approval Docket	3,196.64	1.21%
Charges related to Mt. Roberts Project Financing	9,013.75	3.42%
Charges related to NHPUC Staff Audit	1,109.68	0.42%
Charges related to Operating Issues	250.00	0.09%
Charges related to Accounting Issues	600.00	0.23%
Charges related to LRWC Criminal Case	430.00	0.16%
Total Rate Case Expenses Presented by LRWC	<u>\$263,514.78</u>	<u>100.00%</u>

¹ Order No. 25,391 directed LRWC to file for recovery of rate case expenses "with sufficient detail to demonstrate that the expenses are reasonably related to the core DW 10-141 rate proceeding (as opposed to ongoing professional-services expenses more properly included in Lakes Region's general expense accounting)."

As a result of this analysis, Staff is proposing that the Commission authorize recovery of two categories of costs. First, Staff recommends that LRWC should be allowed to recover its DW 10-141 direct rate case costs totaling \$152,965.97 through a customer surcharge to be billed over a two-year period. Based on 1,643 customers and a total of eight billing quarters contained within the two-year recommended recovery period, each LRWC customer will be charged \$11.64 per billing quarter ($\$152,965.97 \div 1,643 \text{ customers} \div 8 \text{ billing quarters}$).

Additionally, Staff recommends that LRWC should also be allowed to recover some portion of its DW 07-105 compliance case costs that were incurred during the course of the rate proceeding totaling \$81,921.06. Staff's analysis revealed that these costs were related to LRWC's efforts to improve its financial and operational standing. The underlying services provided to LRWC included the utilization of various planning tools including the creation of long-range operating and capital budgets. Also included were attempts by the Company to seek out and qualify for various alternative sources of financing in order to fund both its operations as well as several much needed capital improvements. Related to this were efforts on the part of the Company under the direction of its outside vendors to enhance its image with customers, current and potential creditors as well as regulators in order to provide assurance of its improved operations and continued viability as a regulated water utility. While Staff does not consider such services to be directly rate case related, *per se*; it does consider that the efforts made by LRWC in this vein will result in potential long-lasting benefits for both the Company and its customers with the goal of achieving much needed improvement in both its financial and operational stability. Therefore, Staff recommends that the Commission authorize the Company to record a deferred asset in the amount of \$81,921.06. Further, Staff recommends that commencing with the rates established in its next rate proceeding before the Commission, LRWC should be authorized to recover this deferred asset through a five-year amortization. For purposes of LRWC's next rate proceeding, the exact mechanics of Staff's proposed treatment of these costs would be such that $4/5^{\text{ths}}$ of the current value of the proposed deferred asset, or \$65,536.85, would be reflected in LRWC's next approved rate base. The remaining portion of these costs, or \$16,384.21, will be reflected as an operating expense in the Company's next approved annual revenue requirement.

With regard to the remaining costs totaling \$28,627.75, or 10.86% of the total costs presented, Staff recommends that the Commission should not authorize recovery of these costs. These include the following cost categories indicated above: DW 08-070 - \$3,855.99; DW 09-184 - \$8,293.36; DA 10-043 - \$1,878.33; DW 11-021 - \$3,196.64; Mt. Roberts Financing - \$9,013.75; Staff Audit - \$1,109.68; Operations Issues - \$250.00; Accounting Issues - \$600.00; and Criminal Case - \$430.00. Staff believes that these costs are not directly related to the DW 10-141 rate proceeding. In the case of the Mt. Roberts Financing costs, Staff believes that recovery in connection with a Mt. Roberts-related filing would be more appropriate.

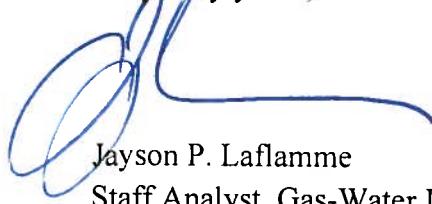

Additionally, Staff considers that some of these costs do not provide a long-lived benefit to the Company or its customers which would make them worthy of a deferred treatment. Finally, by virtue of the nature of some of these excluded costs, it would be inappropriate to allow the Company to recover them from its customers.

In summary, Staff recommends that the Commission allow LRWC to recover a total of \$234,887.03, or 89.14%, of the total costs presented by the Company. Staff recommends that the Commission allow LRWC to recover \$152,965.97 in direct rate case expenses from its customers via an \$11.64 per customer per quarter surcharge over a two-year period encompassing eight billing quarters. Additionally, Staff also recommends that the Commission authorize LRWC to record a deferred asset in the amount of \$81,921.06. Such costs represent the efforts made by LRWC in conjunction with the rate proceeding to improve its financial and operational stability and viability. Staff recommends that the Company should be permitted to recover these costs through customer rates, beginning at the date of a final order in its next filed full rate case, via a five-year amortization of the recorded deferred asset.

Staff has presented this proposal to the other parties involved in this case. In response, LRWC stated that it concurred with Staff's recommendations. The OCA authorized Staff to represent its position as follows: The OCA is concerned about the level of rate case expenses incurred by Lakes Region, as well as the Company's heavy reliance on outside contractors. Given the circumstances, however, the OCA supports the Staff's recommendation. The OCA thanks the Staff for its thorough analysis of the rate case expense filing. With regard to the other parties in the case which include the Property Owners Association at Suissevale, Inc. (POASI) and the Hidden Valley Property Owners Association (HVPOA), no responses were received as of the date of this correspondence.

Staff recognizes that the issues associated with this particular filing as well as the proposed recommendations outlined in this correspondence are more complex than those normally encountered in other rate case expense recovery filings. Therefore, if you have any questions regarding this matter, please feel free to contact me.

Very truly yours,

Date Request Received: 10/11/2012

Date of Response: 10/29/2012

Data Request No. 5-2

Respondent: Norman Roberge.

Data Request No. 5-2:

Re: St. Cyr 4-22 and 4-27: References are made to work involving "Easements" in the May 5 entry on St. Cyr 4-22 as well as the October 11 entry on St. Cyr 4-27. Please provide further explanation as to the nature of the "easement" work performed relative to these two entries.

Response:

Both entries appear to relate the easement for the Paradise Shores water main that goes from the water tank to Route 109 using the Mt Roberts access road.

Respondent: Justin C. Richardson

Data Request No. 5-4:

Re: Shaheen & Gordon 5-2: Please explain the relevance to the rate case of the redacted portion of the entry for 11/01/10.

Response:

The redacted entry concerns research by the Company's prior legal counsel, Shaheen & Gordon, on Commission rulings involving five other small utilities and states: "five small utility PUC cases". This entry should have been filed as confidential and not redacted as privileged.

The services are related to the rate case because the research was conducted to evaluate how the Commission might rule on similar rate issues in this case.

Data Request No. 5-5:

Re: Shaheen & Gordon 5-3: Please explain the relevance to the rate case of the redacted portion of the entry for 12/15/10.

Response:

The (privileged) redacted entry for 12/15/10 pertains to a telephone conference with a potential expert witness for the rate case.

Data Request No. 5-6

Respondent: Norman Roberge

Data Request No. 5-6:

Re: Shaheen & Gordon 5-3: The “rate case” charges appear to total \$9,380.84. However, the Company is proposing to recover \$9,470.84 relative to this invoice. Please explain.

Response:

The amount was incorrectly transcribed to the rate case expense summary. The correct amount is \$9,380.84 as shown on the invoice.

The Summary Schedule of Rate Case Expenses is attached and has been updated to reflect this changes in response to Data Requests 5-6, 5-7, 5-8, 5-9, and 5-11.

Data Request No. 5-7:

Re: Shaheen & Gordon 5-5:

- a) Please explain the relevance to the rate case of the redacted portion of the entry for 02/16/11.
- b) The “rate case” charges appear to total \$6,724.56. However, the Company is proposing to recover \$6,764.51 relative to this invoice. Please explain.

Response:

- a) The (privileged) redacted entry pertains to a telephone conference with a water utility consultant who was not called to testify in this proceeding.
- b) The rate case expense to be recovered should be \$6,724.56. The Summary Schedule of Rate Case Expenses has been updated accordingly. See Response to Staff 5-6.

Data Request No. 5-8:

Re: Shaheen & Gordon 5-6: The “rate case” charges appear to total \$6,856.75. However, the Company is proposing to recover \$6,786.75 relative to this invoice. Please explain.

Response:

Rate case expense to be recovered should be \$6,856.75.

The Company’s prior Summary of Rate Case Expenses had combined the hourly charges with the interest charges and ignored the other disbursements. The corrected amount combines hourly charges with other disbursements and ignores interest charges.

The Summary Schedule of Rate Case Expenses has been updated accordingly. See Response to 5-6.

Data Request No. 5-9:

Re: Upton & Hatfield 6-4: Please provide an explanation with regard to the relevance to the rate case of the redacted portions of the entries for 01/17/12, 01/18/12 and 01/20/12.

Response:

1/17/12: The (privileged) redacted entry pertains to DES and PUC approvals for the Mt. Roberts property and should not have been included in the Company's submission of rate case expenses. The confidential portion of the entry relates to emails pertaining to the Company's request for a continuance in the rate case and is estimated to be 0.2 of the 1.6 hours contained in the entry. The Company's request for rate case expenses should be reduced by \$240, (1.2 hours) (\$200/hr).

01/18/12: The (privileged) redacted entry pertains to DES and PUC approvals for the Mt. Roberts property and should not have been included in the Company's submission of rate case expenses. The confidential portion of the entry relates to the continuance in the rate case and is estimated to be 0.1 of the 0.6 hours contained in the entry. The Company's request for rate case expenses should be reduced by \$100, (0.5 hours) (\$200/hr).

01/20/12: The entry pertains to DES and PUC approvals for the Mt. Roberts property and should not have been included in the Company's submission of rate case expenses. The Company's request for rate case expenses should be reduced by \$120, (0.6 hours) (\$200/hr).

The Summary Schedule of Rate Case Expenses has been updated to reflect the above changes.

Data Request No. 5-10:

Re: Upton & Hatfield 6-6: Please provide an explanation with regard to the relevance to the rate case of the redacted portion of the 03/22/12 entry.

Response:

On March 21, 2012, the Commission ordered that the Company provide an update on the compliance status for all its water systems. The (privileged) redacted entry pertains to a database I reviewed to verify the Company's response to Record Request No. 5. However, the database contained several errors and could not be used in the Company's response.

The legal services are relevant to the rate case because the Company had the burden to show that its investment in utility plant and its test year operating expenses were prudent. In addition, the Commission ordered that the information be submitted as part of the rate case. It was therefore included as part of the Company's a rate case expense.
