DM 12-174, NATURAL GAS AGGREGATION NO.: DM 12.175**

Dear Sir or Madame,

Pursuant to the regulations which require reporting of a material change within a corporation, the purpose of this letter is to inform you of a material change in Consumer Energy Solutions' Regulatory Director and contact for all regulatory matters.

Tina Silagyi is now Consumer Energy Solutions' new Regulatory Director. I have listed my contact information below. I will now be handling all regulatory matters including annual reports and any other actions that may be required. Unfortunately, our previous Regulatory Director, Eve Witter, has suffered a serious illness.

Please feel free to contact me for any questions, concerns **or if there is any further action required to ensure this information is updated in your system.** I can be reached by phone at 727-724-5811 or via email at ceslegal@cesstaff.com.

Thank you for your attention to this matter.

Best Regards,

Tina Silagyi
Regulatory Director
