Re: Pennichuck Water Works, Inc.
Tariff NHPUC NO. 5 WATER – Proposed New Tariff

Dear Ms. Howland:

Please find enclosed two sets of one (1) original and two (2) copies of proposed new Pennichuck Water Works, Inc. Tariff NHPUC NO. 6 WATER. One set is a red line version that highlights the proposed changes to the Tariff; the second set is a clean version of the proposed Tariff. The proposed new tariff has been updated for the following:

1. Reflect the current PUC regulations, including a new Section 14 that incorporates the Medical Emergency Rules in accordance with NH Code of Admin. Rules Puc 1205.
2. Reflect the Company's current practices and procedures.
3. Eliminate previously cancelled pages

The proposed changes do not reflect any proposed changes in rates or tariff changes that will have a financial impact on customers other than as a result of the Medical Emergency Rules. I trust you will find this satisfactory and if you have any questions, please feel free to contact me.

Sincerely,

Charles T. Hoeppe
Director, Regulatory Affairs and Business Services
