Re: Docket No. DE 12-262: CORE Energy Efficiency Programs

Dear Ms. Howland:

On behalf of Granite State Electric Company d/b/a Liberty Utilities, I am writing to request a three week extension for the filing of the shareholder incentive calculation for the Company's CORE electric programs which is due June 1. The Company seeks an extension until June 21.

Liberty needs additional time to complete the calculation, which involves reconciliation of records between National Grid for its operation of the CORE programs for the first half of 2012 with Liberty's operation of the programs for the remainder of the year. That reconciliation has occurred for the gas shareholder incentive calculation which will be filed by June 1, but additional time is needed to complete the reconciliation for the electric programs.

Thank you for your consideration of this request. If you have any questions, please do not hesitate to contact me.

Very truly yours,
