DG 12-284: Cost of Gas Adjustment Monthly Reconciliation, March 2013

Dear Ms. Howland:

In accordance with the Commission's Order No. 25,433, enclosed is an original copy of the monthly calculation of the projected (over)/under collection for the 2012-2013 winter period.

The computations are based on actual costs and revenues through February and forecasts for the remainder of the period. The calculations show a projected under-collection through April 30, 2013 of \$3,165 and would necessitate a \$0.0240 increase to the current Non-FPO Cost of Gas Rate of \$1.5630, resulting in a revised Non-FPO COG Rate of \$1.5870 per therm.

The Company does not elect to implement the forecasted increase for the April 1st billing cycle.

Please contact me at (585) 771-4828 if you require further information.

Sincerely,

A handwritten signature in blue ink that reads "Brian R. Maloney".
