Natural Gas Aggregator Registration Application

TO: Debra Howland
Executive Director

Staff has completed its review of the natural gas aggregator registration application for PJM Wholesale Brokers, LLC dba NEISO Power Brokers, filed on January 30, 2013. Although the application form incorrectly cited the CEPS aggregator requirements for items (6) and (8), the responses were correct for the requirements of the CNGS gas aggregator form. Staff considers the incorrect references to be harmless errors in this case, based on the fact that the responses completely address the gas aggregator requirements. The natural gas aggregator registration application is complete and in compliance with the requirements of Puc 3003.04.

Staff recommends approval of the application for PJM Wholesale Brokers, LLC dba NEISO Power Brokers as a natural gas aggregator in New Hampshire. The effective date should coincide with the date of the approval letter. This is an initial natural gas aggregator registration and as such carries a term of two years from the approval date.

Should you have any questions regarding this registration application, please do not hesitate to contact Robert Wyatt of the Gas/Water Division.
