DM 13-061 American Utility Management, Inc.
Natural Gas Aggregator Registration Application

TO: Debra Howland
Executive Director

Staff has completed its review of the natural gas aggregator registration application for American Utility Management, Inc. (AUM). The registration application was filed on February 26, 2013. The registration application is complete and in compliance with the requirements of Administrative Rule Puc 3003.05, Renewal Registration of Natural Gas Aggregators.

Staff recommends approval of the application for AUM as a natural gas aggregator in New Hampshire. The effective date should be set to coincide with expiration of its current registration, May 9, 2013. This is a renewal natural gas aggregator registration and as such carries a term of five years from the 2013 expiration date.

AUM will be expected to fully comply with the requirements of Puc 3000 related to natural gas aggregators. Should you have any questions regarding this registration application, please do not hesitate to contact Robert Wyatt of the Gas/Water Division.
