Re: DM 13-174, Abest Power and Gas, LLC

Dear Mrs. Howland,

Abest Power and Gas, LLC would like to rescind without prejudice our application to register as an Electric Power Supplier.

Abest Power and Gas will be concentrating its efforts on growing the markets where we are currently serving, and therefore do not wish to move forward with the current application.

Abest would like to have the opportunity to re-apply for an Electric Power Supplier in the future as we prepare to enter Non POR states such as New Hampshire.

Abest does understand that we will knowingly lose our \$500.00 application fee and will be required to resubmit the application fee at the time when we decide to reapply to become an Electric Power Supplier.

Please let me know if you have any additional questions or inquires.
