Re: DT 13-176; Bretton Woods Telephone Company
Joint Petition with Northern New England Telephone Operations LLC d/b/a
FairPoint Communications – NNE to Modify Service Territory Boundaries

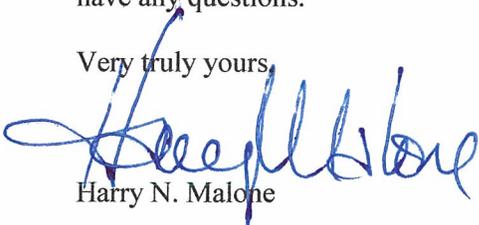

Dear Ms. Howland:

Regarding the August 2, 2013 filing of the required affidavit in the subject proceeding, we inadvertently filed copies of letters to customers that listed their names, addresses and circuit information. We respectfully request that the Commission dispose of these letters and mailing receipts, specifically all sheets after the fourth sheet containing the Union Leader affidavit of publication.

To the extent that the Commission must retain these documents, we respectfully request that the Commission give these sheets confidential treatment, as they reveal information pertaining to special contract identities under Puc Rule 201.06(3) and customer information under Puc Rule 201.06(6). Furthermore, this proceeding has been uncontested and we know of no possible public interest that could be served by release of this information.

Thank you for your attention to this matter. Please do not hesitate to contact me if you have any questions.

Very truly yours,

Harry N. Malone
