Re: DM 13-185, XOOM Energy New Hampshire, LLC  
Application to Register as Competitive Electric Power Supplier

Dear Ms. Kueffner:

On July 2, 2013, XOOM Energy New Hampshire, LLC (XOOM Energy) filed an application with the Commission to register as a competitive electric power supplier (CEPS). The application was completed on August 21, 2013, when the company filed an amendment to its letter of credit.

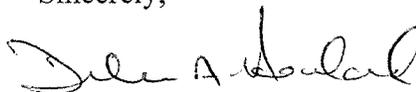

Staff reviewed the information submitted with the application and determined that it complies with the requirements of N.H. Code Admin. Rule Puc 2003 and 2006.02. Staff noted that XOOM Energy provided evidence that it had completed electronic data interchange (EDI) testing with only one distribution utility, PSNH. Staff, therefore, recommended that the Commission approve XOOM Energy's application to register as a CEPS, but that the Commission limit its approval so that the company may operate only in the franchise area of PSNH.

Based on Staff's recommendation, the Commission approves XOOM Energy's application to register as a CEPS, and permits it to operate only in the service area of PSNH, effective August 29, 2013. If XOOM Energy seeks to extend its operations into the franchise areas of other distribution utilities, it should file a request with the Commission stating this and provide evidence that it has completed EDI testing with those distribution utilities in whose franchise areas it intends to operate.

This registration is for a term of 5 years and expires at the end of business on August 28, 2018. Pursuant to N.H. Code Admin. Rule Puc 2003.02(a), XOOM Energy must submit its next renewal application at least 60 days prior to the expiration of the registration approved here, on or before June 29, 2018.

Please be aware that registered CEPSs are subject to specific requirements contained in N.H. Code Admin. Rules Puc 2000 – Competitive Electric Power Supplier and Aggregator Rules. These rules are available at:  
<http://www.puc.nh.gov/Regulatory/Rules/PUC2000.pdf>.

Sincerely,
