Re: Northern Utilities, Inc., New Hampshire Division - Docket DG 13-257  
November 2013 Monthly Cost of Gas Report

Dear Director Howland:

Pursuant to the Commission's Order No. 25,590 in Docket DG 13-257, enclosed are an original and one copy of Northern Utilities - New Hampshire Division's (the Company) current calculation of its projected over or under collection of gas costs ending April 30, 2014 for the 2013-2014 winter season. The Company is also providing a summary of its hedging transactions and monthly inventory interest calculation, both updated through October 2013.

The calculation, which reflects the Company's actual November 1, 2013 balance and gas futures prices as of November 21, 2013, produces an anticipated over-recovery of \$32,813 or 0.14% of the total anticipated cost of gas for the 2013-2014 winter period. At this time, Northern is not proposing a rate change.

Very truly yours,

George H. Simmons Jr.
