**RE: PUC Docket No. DRM 13-311, Puc 902 and Puc 909 Rules for Group Net Metering,
Initial Proposal – Annotated Text filed with JLCAR on June 20, 2014**

Dear Attorney Sheehan:

The Granite State Hydropower Association (GSHA) welcomes the opportunity to submit written comments on the New Hampshire Public Utilities Commission's Initial Proposed Rules Puc 902 and Puc 909 for Group Net Metering, dated 6/20/2014. GSHA respectfully offers the following suggested changes.

1. Page 3, Puc 902.15 – add “and including” after “up to” and before “one megawatt (MW)”.
2. Page 6, Puc 909.04 (b)(10) – Insert “Except as allowed by Puc 902.11,” before “A certification that ... “
3. Page 9, Puc 909.08 (g) – strike “and” in the second to last sentence.

GSHA greatly appreciates your time and consideration of these suggestions and would be happy to answer any questions or provide further information. Thank you very much.

Sincerely,

Richard Norman HLK

Richard A. Norman, President
Granite State Hydropower Association
