REF: Renewal Application as a Natural Gas Aggregator

Dear Ms. Howland,

I have been a registered natural gas aggregator in New Hampshire since January 31, 2012 and enclose my renewal application to extend this registration.

U.S. Energy Management Services operates as an independent contractor and broker to energy supply companies (CNGS), representing the interests of energy end-users in the Commercial and Industrial markets. As such, U.S. Energy Management Services does not represent any supplier (CNGS) interest.

U.S. Energy Management Services operates entirely out-of-state from the state of Connecticut. While its end-user customer's facilities are located in Portsmouth and Manchester, its actual client contact is based in Pittsburgh, PA.

I look forward to an affirmative decision on my renewal application.

Many thanks.

Truly yours,
