Re: DE 13-355 Knollwood Energy of MA LLC - Application for Certification as a REC  
Eligible Facility – O.R. Gooch & Sons, Inc.

Dear Ms. Lakritz:

On December 20, 2013, the Commission received an application from Knollwood Energy of MA, LLC (Knollwood Energy) requesting Class II New Hampshire REC eligibility for the O.R. Gooch & Sons, Inc. (O.R. Gooch) 0.0076 megawatt (MW) photovoltaic (PV) array located at 539 Calef Highway, Epping, NH.<sup>1</sup> The O.R. Gooch facility would participate in the Knollwood Energy aggregation pursuant to RSA 362-F, New Hampshire's Electric Renewable Portfolio Standard law.<sup>2</sup>

The Commission, in a non-adjudicative process, is required to issue a determination of whether a facility meets a particular classification within 45 days of receipt of a completed application. The above-named facility is a customer-sited source and meets the Class II eligibility requirements under RSA 362-F:4, II. Based on review of the application Staff recommends that the Commission approve the O.R. Gooch PV array as part of Knollwood Energy's aggregation effective December 20, 2013.

Since this facility is a customer-sited source, its output is not recorded in the ISO New England Market Settlement System and, as a result must be monitored and verified by an independent monitor. The application states that Paul Button, Energy Audits Unlimited, will monitor the facility's output pursuant to N.H. Code of Administrative Rules Puc 2505.08 and 2505.09. Mr. Button will report this facility's total output annually to the customer and to the

<sup>1</sup> Class II eligibility requires a facility to produce electricity from solar technologies that began operation after January 1, 2006 (RSA 362-F:4, II).

<sup>2</sup> The Commission approved Knollwood Energy of MA, LLC as an aggregator of RECs on November 12, 2013, DE 13-256.

Commission. The monthly output will be reported quarterly to the NEPOOL Generation Information System as part of Knollwood Energy's Class II aggregation pursuant to Puc 2505.09(h)(3). The GIS facility code assigned to O.R. Gooch is NON 38489.

Details for this facility are listed in the following table.

Commission Assigned Docket #	Facility Owner	Facility Location	Total MW listed in application	Effective Date to Produce RECs	NH Certification Code
DE 13-355	O.R. Gooch	Epping	0.0076	12-20-13	NH-II-13-142

The Commission has determined that Knollwood Energy and O.R. Gooch have provided all the information necessary to demonstrate this facility's eligibility for certification and hereby certifies the O.R. Gooch PV array as eligible to be aggregated by Knollwood Energy for Class II RECs effective December 20, 2013.

Sincerely,

Debra A. Howland  
Executive Director

Re: DE 13-355 Knollwood Energy of MA LLC - Application for Certification as a REC  
Eligible Facility – O.R. Gooch & Sons, Inc.

Dear Mr. Webb:

Please be advised that, pursuant to RSA 362-F, the New Hampshire Public Utilities Commission has certified the O.R. Gooch & Sons, Inc., (O.R. Gooch) photovoltaic facility as part of the Knollwood Energy of MA, LLC (Knollwood Energy) aggregation.

Accordingly, Knollwood Energy is eligible to be issued Class II RECs, effective December 20, 2013 for the O.R. Gooch PV array. The following table summarizes the new addition to Knollwood Energy’s aggregation including the New Hampshire Certification Code.

Docket #	Facility Name	Facility Location	Total MW	Effective Date to Produce Class II RECs	NH Certification Code
DE 13-355	O.R. Gooch	Epping	0.0076	12-20-13	NH-II-13-142

Sincerely,

Debra A. Howland  
Executive Director
