Subject: New Hampshire Gas Corporation
DG 14-074: Cost of Gas Adjustment Monthly Reconciliation, June 2014

Dear Ms. Howland:

In accordance with the Commission's Order No. 25,654, enclosed is an original copy of the monthly calculation of the projected (over)/under collection for the Summer 2014 period.

The computations are based on actual costs and revenues for May and forecasts for the remainder of the period. The calculations show a projected over-collection through October 31, 2014 of \$2,668 and would necessitate a \$0.0146 decrease to the current Cost of Gas Rate of \$1.5630, resulting in a revised COG Rate of \$1.5484 per therm.

The Company does not elect to implement the forecasted decrease for the July 1st billing cycle.

Please contact me at (585) 771-4828 if you require further information.

Sincerely,

A handwritten signature in blue ink that reads "Brian R. Maloney".
