Re: DE 14-136 and DE 14-151, Knollwood Energy of MA LLC  
Application for Certification as REC Eligible Facilities - Paul Manseau and  
Eaton Door and Frame

Dear Ms. Lakritz:

On May 27, 2014, the Commission received an application filed by Knollwood Energy of MA, LLC<sup>1</sup> (Knollwood Energy) for Paul Manseau (Manseau). Knollwood Energy is requesting Class II New Hampshire Renewable Energy Certificate (REC) eligibility for this entity's photovoltaic (PV) array<sup>2</sup> and inclusion in the Knollwood Energy aggregation.

On June 4, 2014, the Commission received an additional application filed by Knollwood Energy for Eaton Door and Frame (Eaton Door & Frame) requesting REC eligibility for the facility's PV array and inclusion in the Knollwood Energy aggregation.

The above-named facilities are customer-sited sources and meet the Class II eligibility requirements under RSA 362-F:4, II. Based on review of the applications, Staff recommends that the Commission certify the Manseau array as an eligible facility for Class II RECs to be included as part of the Knollwood aggregation effective as of May 27, 2014. Staff further recommends the Commission certify the Eaton Door & Frame facility for Class II RECs and inclusion in the Knollwood aggregation effective as of June 4, 2014.

---

<sup>1</sup> The Commission approved Knollwood Energy of MA, LLC as an aggregator of RECs on November 12, 2013, DE 13-256.

<sup>2</sup> Pursuant to RSA 362-F, New Hampshire's Electric Renewable Portfolio Standard law. Class II eligibility requires a facility to produce electricity from solar technologies that began operation after January 1, 2006 (RSA 362-F:4, II).

Since these facilities are customer-sited sources, their output is not recorded in the ISO New England Market Settlement System and, as a result must be monitored and verified by an independent monitor. The application for Manseau lists Paul Button of Energy Audits Unlimited, as the independent monitor; the Eaton Door & Frame lists Thomas Kelly of Natural Capital, LLC as the independent monitor. The independent monitor's responsibility is to verify the facility's output pursuant to N.H. Code of Administrative Rules Puc 2505.08 and 2505.09. Mr. Button and Mr. Kelly will report these facilities' total output annually to the customer and to the Commission. The monthly output will be reported quarterly to the NEPOOL Generation Information System as part of Knollwood Energy's Class II aggregation pursuant to Puc 2505.09(h)(3).

Details for this facility are listed in the following table.

Docket #	Facility Name	Facility Location	Total MW	Effective Date to Produce Class II RECs	GIS Facility Code	NH Certification Code
DE 14-136	Manseau	Bristol	0.009	5-27-14	NON 40860	NH-II-14-064
DE 14-151	Eaton Door & Frame	Salem	0.03612	06-04-14	NON 40970	NH-II-14-065

The Commission has determined that Knollwood Energy has provided all the information necessary to demonstrate eligibility for certification and hereby certifies the Manseaut array as eligible to be aggregated by Knollwood Energy for Class II RECs effective May 27, 2014. The Commission certifies the Eaton Door & Frame array as eligible to be aggregated by Knollwood Energy for Class II RECs effective June 4, 2014.

Sincerely,

Debra A. Howland  
Executive Director

Re: DE 14-136 and DE 14-151, Knollwood Energy of MA LLC  
Application for Certification as REC Eligible Facilities – Paul Manseau and  
Eaton Door and Frame

Dear Mr. Webb:

Please be advised that, pursuant to RSA 362-F, the New Hampshire Public Utilities Commission has certified the Paul Manseau (Manseau) and Eaton Door and Frame (Eaton Door & Frame) photovoltaic facilities as part of the Knollwood Energy of MA, LLC (Knollwood Energy) aggregation.

Accordingly, Knollwood Energy is eligible to be issued Class II RECs, effective as of May 27, 2014 for Manseau; Eaton Door & Frame is eligible effective as of June 4, 2014. The following table summarizes the new additions to Knollwood Energy's aggregation including the GIS Facility Code and the New Hampshire Certification Code.

Docket #	Facility Name	Facility Location	Total MW	Effective Date to Produce Class II RECs	GIS Facility Code	NH Certification Code
DE 14-136	Manseau	Bristol	0.009	05-27-14	NON 40860	NH-II-14-064
DE 14-151	Eaton Door & Frame	Salem	0.03612	06-04-14	NON 40970	NH-II-14-065

Sincerely,

Debra A. Howland  
Executive Director
