Re: DE 14-175, Knollwood Energy of MA LLC
Application for Certification as REC Eligible Facilities – Erik Gelinis

Dear Ms. Lakritz:

On June 23, 2014, the Commission received an application filed by Knollwood Energy of MA, LLC¹ (Knollwood Energy) for Erik Gelinis (Gelinis). Knollwood Energy is requesting Class II New Hampshire Renewable Energy Certificate (REC) eligibility for the Gelinis photovoltaic (PV) array² and inclusion in the Knollwood Energy aggregation.

The above-named facility is a customer-sited source and meets the Class II eligibility requirements under RSA 362-F:4, II. Based on review of the applications, Staff recommends that the Commission certify the Gelinis PV array as an eligible facility for Class II RECs to be included as part of the Knollwood aggregation effective as of June 23, 2014.

Since this facility is a customer-sited source, the output is not recorded in the ISO New England Market Settlement System and, as a result must be monitored and verified by an independent monitor. The application lists Paul Button of Energy Audits Unlimited as the independent monitor. The independent monitor's responsibility is to verify the facility's output pursuant to N.H. Code of Administrative Rules Puc 2505.08 and 2505.09. Mr. Button will report the facility's total output annually to the customer and to the Commission. The monthly output will be reported quarterly to the NEPOOL

¹ The Commission approved Knollwood Energy of MA, LLC as an aggregator of RECs on November 12, 2013, DE 13-256.

² Pursuant to RSA 362-F, New Hampshire's Electric Renewable Portfolio Standard law. Class II eligibility requires a facility to produce electricity from solar technologies that began operation after January 1, 2006 (RSA 362-F:4, II).

Generation Information System as part of Knollwood Energy's Class II aggregation pursuant to Puc 2505.09(h)(3).

Details for this facility are listed in the following table.

Docket #	Facility Name	Facility Location	Total MW	Effective Date to Produce Class II RECs	GIS Facility Code	NH Certification Code
DE 14-175	Gelinas	Manchester	0.006	06-23-14	NON 41276	NH-II-14-072

The Commission has determined that Knollwood Energy has provided all the information necessary to demonstrate eligibility for certification and hereby certifies the Gelinas array as eligible to be aggregated by Knollwood Energy for Class II RECs effective June 23, 2014.

Sincerely,

Debra A. Howland
Executive Director

Re: DE 14-175, Knollwood Energy of MA LLC
Application for Certification as a REC Eligible Facility - Erik Geinas

Dear Mr. Webb:

Please be advised that, pursuant to RSA 362-F, the New Hampshire Public Utilities Commission has certified the Erik Gelin (Gelin) photovoltaic facility as part of the Knollwood Energy of MA, LLC (Knollwood Energy) aggregation.

Accordingly, Knollwood Energy is eligible to be issued Class II RECs, effective as of May 27, 2014. The following table summarizes the new additions to Knollwood Energy's aggregation including the GIS Facility Code and the New Hampshire Certification Code.

Docket #	Facility Name	Facility Location	Total MW	Effective Date to Produce Class II RECs	GIS Facility Code	NH Certification Code
DE 14-175	Gelin	Manchester	0.006	06-23-14	NON 41276	NH-II-14-072

Sincerely,

Debra A. Howland
Executive Director
