**RE: Registration of Applications of Customer Acquisition Specialists of America, Inc.
for Electricity and Gas Aggregator Licenses**

Dear Ms. Howland:

The purpose of this submission is to request that the New Hampshire Public Utilities Commission ("Commission") view and approve Customer Acquisition Specialists of America, Inc.'s Application for Gas Generation Supplier license and Application for Electric Generation Supplier license. Customer Acquisition Specialists of America, Inc. ("CASA") intends to include service, as a broker and marketer, to all customer types including residential customers throughout the State of New Hampshire.

As a broker/marketer, CASA, takes a proactive role in ensuring the highest level of professionalism in its activities regarding its service to the supplier and potential customers it works with.

CASA agrees that it will comply with all applicable PUC rules and service regulations including all local, state and federal laws.

Thank you for your attention to these matters. If you have any questions please feel free to contact me directly. I can be reached by phone at (727) 724-5811 ext. 2020; email sovereignenterprisescorp@gmail.com or cell phone 302-841-8689.

Credit Capacity Summary

This credit rating was assigned because of D&B's assessment of the company's creditworthiness. For more information, see the D&B Rating Key

D&B Rating : --

The blank rating symbol should not be interpreted as indicating that credit should be denied. It simply means that the information available to D&B does not permit us to classify the company within our rating key and that further enquiry should be made before reaching a decision. Some reasons for using a "-" symbol include: deficit net worth, bankruptcy proceedings, insufficient payment information, or incomplete history information.

Below is an overview of the company's rating history since 07-13-2000

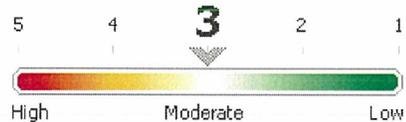

Number of Employees Total: 85

D&B Rating	Date Applied

Highest Credit:	100
Total Highest Credit:	100

D&B Credit Limit Recommendation

Conservative credit Limit	10,000
Aggressive credit Limit:	40,000
Risk category for this business :	MODERATE

The Credit Limit Recommendation (CLR) is intended to serve as a directional benchmark for all businesses within the same line of business or industry, and is not calculated based on any individual business. Thus, the CLR is intended to help guide the credit limit decision, and must be balanced in combination with other elements which reflect the individual company's size, financial strength, payment history, and credit worthiness, all of which can be derived from D&B reports.

Risk is assessed using D&B's scoring methodology and is one factor used to create the recommended limits. See Help for details.

Financial Stress Class Summary

The Financial Stress Score predicts the likelihood of a firm ceasing business without paying all creditors in full, or reorganization or obtaining relief from creditors under state/federal law over the next 12 months. Scores were calculated using a statistically valid model derived from D&B's extensive data files.

The Financial Stress Class of 3 for this company shows that firms with this class had a failure rate of 0.24% (24 per 10,000), which is lower than the average of businesses in D & B's database

Financial Stress Class :

Moderately lower than average risk of severe financial stress, such as a bankruptcy or going out of business with unpaid debt, over the next 12 months.

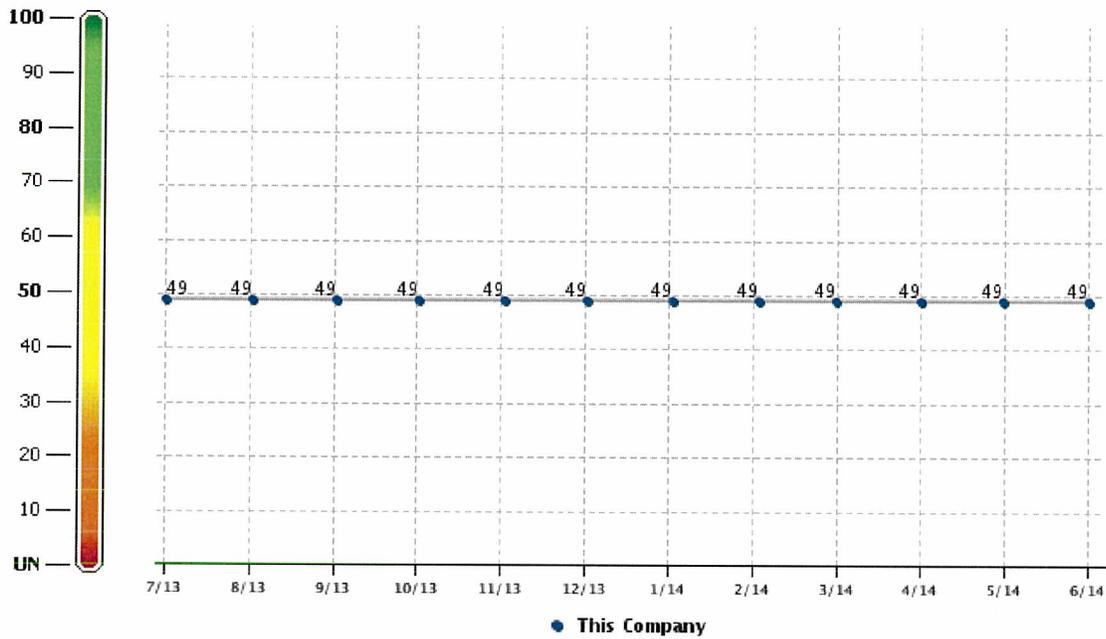

Probability of Failure:

Risk of Severe Financial Stress for Businesses with this Class: **0.24 %** (24 per 10,000)
 Financial Stress National Percentile : **49** (Highest Risk: 1; Lowest Risk: 100)
 Financial Stress Score : **1475** (Highest Risk: 1,001; Lowest Risk: 1,875)
 Average Risk of Severe Financial Stress for Businesses in D&B database: **0.48 %** (48 per 10,000)

The Financial Stress Class of this business is based on the following factors:

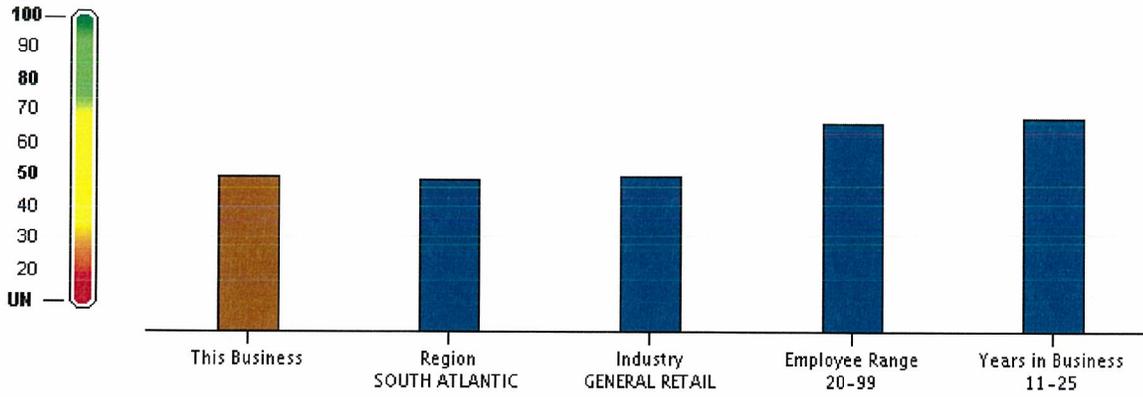

- Low proportion of satisfactory payment experiences to total payment experiences.
- Business does not own facilities.
- Higher risk legal structure.
- Insufficient number of payment experiences.

Financial Stress Percentile Trend:

Notes:

The Financial Stress Class indicates that this firm shares some of the same business and financial characteristics of other companies with this classification. It does not mean the firm will necessarily experience financial stress.
 The Probability of Failure shows the percentage of firms in a given Class that discontinued operations over the past year with loss to creditors. The Probability of Failure - National Average represents the national failure rate and is provided for comparative purposes.
 The Financial Stress National Percentile reflects the relative ranking of a company among all scorable companies in D&Bs file.
 The Financial Stress Score offers a more precise measure of the level of risk than the Class and Percentile. It is especially helpful to customers using a scorecard approach to determining overall business performance.

Norms	National %
This Business	49
Region: SOUTH ATLANTIC	48
Industry: GENERAL RETAIL	49
Employee range: 20-99	66
Years in Business: 11-25	68

This Business has a Financial Stress Percentile that shows:

Lower risk than other companies in the same region.

Similar risk compared to other companies in the same industry.

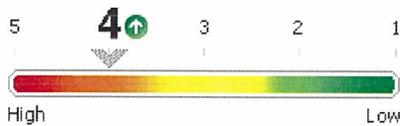

Higher risk than other companies in the same employee size range.

Higher risk than other companies with a comparable number of years in business.

Credit Score Summary

The Commercial Credit Score (CCS) predicts the likelihood of a business paying its bills in a severely delinquent manner (91 days or more past terms), obtaining legal relief from its creditors or ceasing operations without paying all creditors in full over the next 12 months. The Credit Score class of 4 for this company shows that 9.4% of firms with this class paid one or more bills severely delinquent, which is lower than the average of businesses in D & B's database.

Credit Score Class :

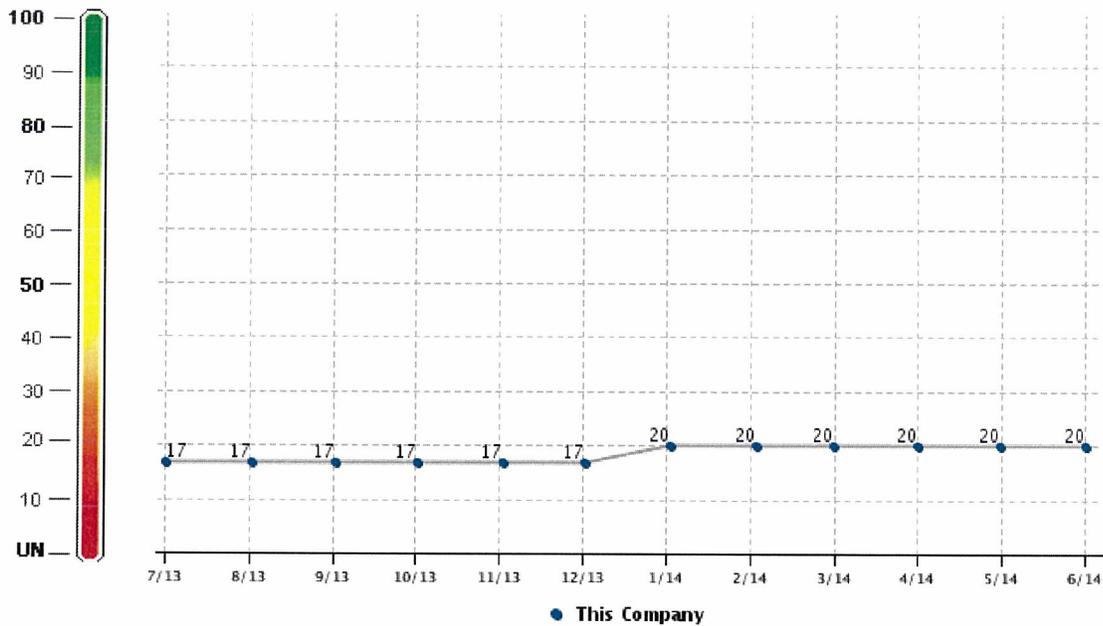

Incidence of Delinquent Payment

- Among Companies with this Classification: **9.40 %**
- Average compared to businesses in D&B's database: **10.20 %**
- Credit Score Percentile : **20** (Highest Risk: 1; Lowest Risk: 100)
- Credit Score : **472** (Highest Risk: 101; Lowest Risk: 670)

The Credit Score Class of this business is based on the following factors:

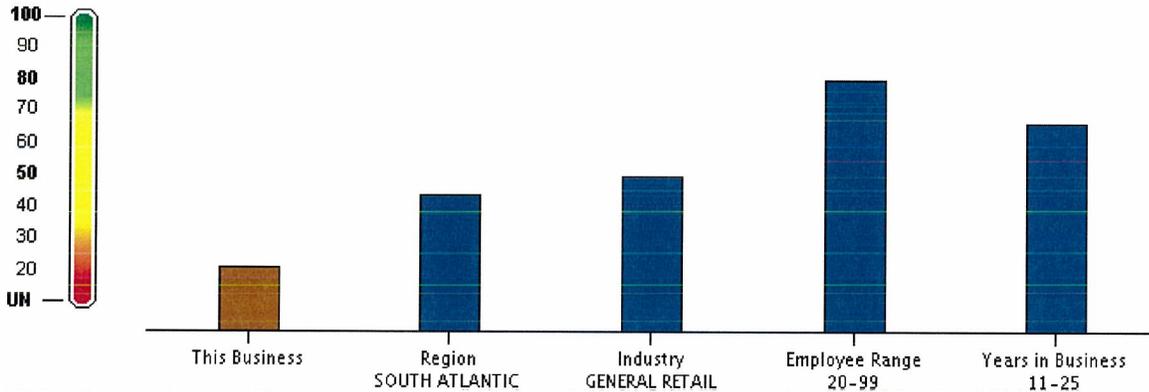

- No payment experiences reported
- Higher risk region based on delinquency rates for this region
- Higher risk industry based on delinquency rates for this industry

Credit Score Class Percentile Trend:

Notes:

The Commercial Credit Score Risk Class indicates that this firm shares some of the same business and financial characteristics of other companies with this classification. It does not mean the firm will necessarily experience severe delinquency. The Incidence of Delinquent Payment is the percentage of companies with this classification that were reported 91 days past due or more by creditors. The calculation of this value is based on D&B's trade payment database. The Commercial Credit Score percentile reflects the relative ranking of a firm among all scorable companies in D&B's file. The Commercial Credit Score offers a more precise measure of the level of risk than the Risk Class and Percentile. It is especially helpful to customers using a scorecard approach to determining overall business performance.

Norms	National %
This Business	20
Region: SOUTH ATLANTIC	43
Industry: GENERAL RETAIL	49
Employee range: 20-99	80
Years in Business: 11-25	66

This business has a Credit Score Percentile that shows:

- Higher risk than other companies in the same region.
- Higher risk than other companies in the same industry.
- Higher risk than other companies in the same employee size range.
- Higher risk than other companies with a comparable number of years in business.

OUR MISSION

Our mission is to be the most effective Brokering agent available to the energy marketing industry and to help the consumer manage their energy costs through effective energy purchasing strategies in small retail, commercial into, and including industrial, large commercial and renewable energy resources as they come available.

OVERVIEW

Since 1999, CASA has acquired more than 2 million residential and commercial energy customers in Ohio, Pennsylvania, New York, New Jersey, Illinois, Michigan, Kentucky, Texas, California, Connecticut, Florida, Maine, New Hampshire, Massachusetts, Ontario and Georgia.

CASA has operated in more than 30 major utilities, representing over 125 million customers.

COMMERCIAL & INDUSTRIAL PROGRAMS...

Commercial and Industrial customers have special needs, are more market savvy, and have more defined buying models. Enrolling these customers is a more involved process. With over five years experience, CASA's sales professionals understand the special needs of this market segment. Our expertise is in explaining the choices available to the right decision makers.

RESIDENTIAL PROGRAMS...

Historically, residential accounts have the highest loyalty index. They are generally unaware of energy deregulation. Their needs are simple and their time is precious. CASA is skilled at reaching these millions of individual households. We believe that educating the residential consumer about their choice of supplier will led to effective sales.

OUR EXECUTIVES

TO SUPPORT OUR MISSION, THE OWNERS BRING OVER 30 YEARS OF SALES EXPERIENCE TO OUR CLIENTS AND CUSTOMERS, WITH 11 YEARS DIRECTLY RELATED TO THE ENERGY MARKETS IN BOTH GAS AND ELECTRIC. BY EMPLOYING WELL-TRAINED REPRESENTATIVES, STRINGENT POLICIES RELATED TO THE INDUSTRY RULES, EFFECTIVE MANAGEMENT, AND SALES TECHNIQUES, CASA GUARANTEES A DEGREE OF EXCELLENCE IN THE FIELD WHICH SUPPORTS OUR EFFORTS IN SUCCESSFULLY ATTAINING OUR MISSION GOALS.

Jim Mathers

**President
Jim Mathers**

With over five years of experience in retail energy sales, Jim has built a large group of professional energy sales representatives. Jim has always been hands on in his role within CASA, from forming the initial sales teams, training employees, and seeing to the implementation of the licensing, and regulations necessary in the Energy Markets, and continues to play an active role in those areas today

After receiving his Marine Engineering degree from the U.S. Naval Academy in 1983, Jim drove and built nuclear submarines for the U.S. Navy until 1990. He was licensed as a Professional Engineer in 1989. Leaving the field of engineering in 1990, Jim took over the training and management of the direct-sales force at East Cost Promotions, the leading marketing firm for

We accomplish our goals by continuous research into the energy markets around the country. CASA has built over the last 11 years a successful team of Sales Managers and Sales Consultants

who are well educated in the Energy Supplier services industry. CASA is proud to serve the industry and its customers in maintaining and ensuring a degree of excellence and competence by training all those who work within CASA on the important issues in the Energy Supplier Industry to provide the best services possible.

TECHNICAL SKILLS AND INTERNAL PROCEDURES

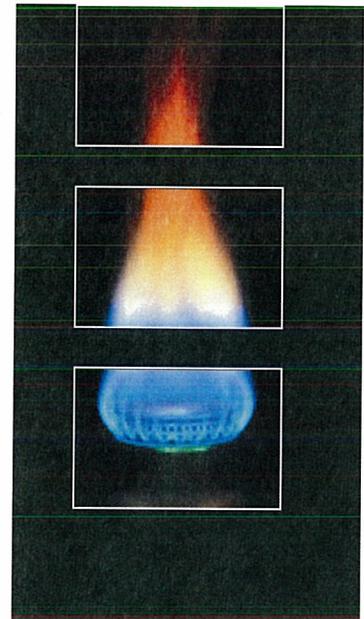

Our sales training, state of the art customer verification and quality control standards have made us a trusted partner to many energy marketers who wanted to outsource their residential and commercial customer acquisition.

1. **Rigorous Sales Training**

Each new sales rep is fully trained on our client's procedures and apprenticed to ensure success. Our policies must be adhered to or the sales rep can be terminated. All employees who will have contact with the public are trained in the Energy Industry basics and then, are trained specific to each program it offered to the consumer with the program patters and guidelines.

2. **Carefully Controlled Sales**

All offers, promotional materials and call scripts are reviewed and

approved in advance by our clients. Our conservative approach ensures that we use no hidden "gimmicks" to procure customers. All new accounts have a full understanding of what they are enrolling in.

3. Dedicated Sales Force

Our staff is paid well to do one thing - add to our record of satisfied energy customers. Once we begin a sales and marketing campaign, we are dedicated to making that campaign a complete success for our client and for the customers we contact.

4. Thorough Quality Control Procedures

We monitor all sales reps closely to maintain high quality calls and to ensure proper client representation and brand protection. Our systems enable our clients to remotely monitor any out-going calls.

5. Independent Customer Verification

We use an independent company for a third party digitally recorded verification of each account that wants to enroll with our client. These recordings are available at any time for instant access by Customer Service.

6. Do Not Call Laws and strict adherence to Regulatory Rules

We understand these laws and have a zero tolerance policy. We are registered with State and Federal "do not call" registries and comply fully with all guidelines established for the industry.

INTERNAL PROCEDURES

TECHNICAL CAPABILITIES :

Customer Acquisition Specialists of America established in 2001 and in conjunction with its sister company Consumer Energy Solutions, Inc has a successful 10 year track record in the industry as an agent for Suppliers and as a broker/marketer licensed in and serving the Energy Supplier Markets in Pennsylvania, Maryland, Maine, New Hampshire, Rhode Island, New Jersey, Massachusetts, Connecticut, Ohio, Illinois, and Texas.

Neither CASA, nor any of its affiliated interests have been denied approval by a State Commission to sell electricity to Retail Electric Consumers or has had its authority revoked in the Gas and Electric markets it serves.

Customer Acquisition Specialists of America has established the successful patterns necessary in the industry to monitor and control the entire business life cycle and the quality of its outreach to fulfill its duties in serving the Suppliers and in keeping with the industry's State Regulatory Rules and important issues in the following ways;

1. CASA maintains a Customer Service department dedicated to quickly resolve any customer questions or complaints that may occur with its own dedicated call lines and customer service representatives.
2. Company disciplinary procedures and implementation of those procedures are also keyed to the industry and designed from the view of complete professionalism on the part of every company employee.

Acquisition

Specialists Of

America, Inc.

3. CASA 's operating procedures comply to regulations through recorded calls, and through routine and daily call monitoring from its Quality Control Department, in maintaining an assurance of Supplier related and industry standards in its marketing activities.
4. In addition to the above, CASA uses a third party verification company to verify all its offers and acceptances of offers from the consumers who wish to take advantage of the energy programs they are informed of. The verification service employs recorded verification procedures which are then provided to CASA for its obligations in record keeping management of all marketing calls.
5. CASA maintains an advanced IT Department to enable it to effectively reach, monitor and maintain its internal record keeping obligations, as well as custom designed programs to monitor and track all aspects of the business life cycle involved.
6. Lastly CASA retains a dedicated Corporate Regulatory Assistant, who in liaison with the company attorneys, monitors, tracks, and keeps its licensing and other obligations as an industry supplier current in each of the states it operates in, as well as assists and coordinates with company executives, and managers regarding the internal procedures to track and ensure correct handling of marketing related regulations and rules as applicable to such items as , Do Not Call lists, Slamming prohibitions, and any other items related to regulations and offers ,as the various individual program offers from suppliers are implemented and presented to the consumer.

CASA has takes pride in itself as a company to effectively serve the Energy Industry in the current retail and commercial markets and through diligent attention to detail has created itself as

Customer

a model to serve future markets in existing and emerging resources in renewable energy and biotechnologies as they become available.

CLIENT SUCCESSES...

"CASA has done an outstanding job helping us expand our customer base over the past several years. In addition to being highly effective and thoroughly professional, their understanding of the deregulated energy industry is directly reflected in the quality of the customers that have enrolled with us. Their internal policies on compliance are so effective that there wasn't a single regulatory complaint from the first one million calls they made on our behalf in New Jersey. CASA is a vital part of our marketing team and will undoubtedly remain so well into the future."
