RE: Docket Nos. DE 09-035, DE 11-250, DE 14-238  
Public Service Company of New Hampshire d/b/a Eversource Energy  
Motion to Continue Reliability Enhancement Program

Dear Director Howland:

Contemporaneous with this submission, in Docket Nos. DE 09-035, DE 11-250, and DE 14-238, Public Service Company of New Hampshire d/b/a Eversource Energy (“Eversource”) is submitting the “2015 Public Service Company of New Hampshire Restructuring and Rate Stabilization Agreement” (the “Agreement”), a comprehensive settlement agreement relating to the State’s efforts to restructure the electric utility industry and Eversource’s continued ownership of electric generating assets. The parties to the Agreement have agreed that Eversource’s Reliability Enhancement Program (“REP”) should receive continued support, rather than lapse on June 30, 2015, and have made specific provision for that continuation in the Agreement.

Accordingly, consistent with the Agreement, Eversource encloses a Motion for Approval of the Continuation of Reliability Enhancement Program as well as the pre-filed testimony of Russel Johnson and Christopher Goulding explaining the REP and Eversource’s request. Consistent with the Agreement, and as noted in the Motion, Eversource requests that the Commission permit it to amend its distribution rates on July 1, 2015, on a temporary basis, to ensure continued funding of the REP pending the Commission’s review of the Agreement.

If you have any questions, please do not hesitate to contact me. Thank you for your assistance with this matter.

Very truly yours,

Matthew J. Fossum  
Senior Counsel
