Re: Northern Utilities, Inc., New Hampshire Division - Docket DG 14-239  
February 2015 Monthly Cost of Gas Report

Dear Director Howland:

Pursuant to the Commission's Order No. 25,731 in Docket DG 14-239, enclosed is Northern Utilities - New Hampshire Division's (the Company) current calculation of its projected over or under collection of gas costs ending April 30, 2015 for the 2014-2015 winter season. The Company is also providing a summary of its hedging transactions and monthly inventory interest calculation, both updated through January 2015.

The calculation, which reflects the Company's actual November 1, 2014 balance and gas futures prices as of January 17, 2015, produces an anticipated over-recovery of \$417,597 or 1.22% for the 2014-2015 winter season. At this time, Northern is not proposing a rate change.

If you have any questions regarding this filing, please do not hesitate to contact me or Chris Kahl at (603)773-6425.

Very truly yours,
