RE: REC Independent Monitoring Services – Change of Employment

Dear Ms. Howland,

On December 12<sup>th</sup> 2014, I was approved as an Independent Monitor of Useful Thermal Energy Production by the NH PUC. At the time that I was approved I was an employee of Kohler & Lewis Engineering in Keene, NH.

I am writing to inform you that I am no longer an employee of Kohler & Lewis Engineering. Beginning in 2016 I will be offering services as an independent monitor under my own name. My new contact information is as follows:

Adam Kohler  
306 Hall Road
