Petition for Declaratory Rulings Regarding RSA 362-A:2-a and Rule Puc 2002.05

Dear Ms. Howland:

I am writing to follow up on Order No. 25,744 issued by the Commission in this proceeding on December 29, 2014 denying without prejudice FEL's Petition for declaratory rulings with respect to the continuing effect of RSA 362-A:2-a following electric restructuring, and the applicability of the Commission's rules to limited electrical energy producers selling at retail to not more than three end users under RSA 362-A:2-a.

The Order denied the Petition without prejudice, in part, because it did not "include factual representations describing any specific proposed transaction, nor does it identify any particular power producer, customer location, retail meter, interconnecting utility, or distribution company involved in, or affected by any proposed retail sales transaction."

The purpose of this letter is to inform the Commission and other interested parties that FEL intends to file a renewed petition containing the foregoing information within the next few weeks.

Thank you for your attention to this matter.

Sincerely,

/s/ James T. Rodier
