Subject: Hearing on Liberty/Kinder Morgan

Dear Ms. Howland,

I'm informed that PUC staff has taken a position on Liberty Utilities relative to Kinder Morgan's proposed pipeline AFTER the time for testimony on the matter had passed. To accept testimony or other input from any party, particularly from a party understanding the process and deadlines, after the time for submission of testimony has passed, gives the appearance if not the reality of making the official process a complete farce. I strongly encourage the commisioners to work within PUC's own process, and only admit or consider testimony duly submitted within the process.
