Dear Ms. Hawland,

My name is Karen Miller and I am a resident of New Ipswich, and have been for 20 years.

I have been following the developments of the Liberty present agreement proceedings under Docket 14-380. I am very concerned about the impact of this agreement on New Ipswich and what this means for New Hampshire's energy future.

I would strongly encourage
the PUC commissioners to ~~reject~~
the late-filed settlement
agreement as poorly advised
Based on Melissa Whitten, the
PUC's staff ~~expert~~ consultant,
recommendation against approval of
the original proposed Liberty agreement,
calling it "speculative", and NOT
"least cost". It will leave the company
at its max capacity with substantial
~~excess~~ capacity over the 1B of the
contract!

Thank You for Your Time and
Concideration ms. Howland.

EXCESS IS ~~GOOD~~, NOT NEEDED!
it DOES not promote "diversity
of supply, EITHER.

DEAR MS. Howland

I WROTE TO YOU EARLIER THIS
WEEK ... I THINK I FORGOT TO
MENTION SOMETHING. MY INTEREST IN
A ~~ALTERNATIVE~~ TO THE NEW PIPELINE
PROJECT PROPOSED BY KINDER MORGAN IS
A UNNECESSARY AIL, WITH NEGATIVE
ENVIRONMENTAL & ECONOMIC IMPACTS.
I BELIEVE THE CURRENT NEEDS OF
NEW ENGLAND SHOULDN'T FALL AS A BURDEN
TO SMALL TOWNS IN SOUTHERN NH,

Especially when those needs can
be met by already existing
delivery systems. Our efforts should
be spent developing wind and solar,
not blasting and deforesting for
environmentally unsafe pipelines and
compressor stations.

Here we can look at Spectra
Energy's plan to expand capacity for
natural gas and leave rural New Hampshire
Southern towns the tourist attractions
that they are! Please do not approve
this contract! Melissa Whitten,

Your hired utility consultant STATED
THERE ISN'T THE NEED FOR THIS PROJECT.

THE NH OFFICE OF CONSUMER ADVOCATE
RECOMMENDED AGAINST ITS APPROVAL, TOO!

LET'S LOOK AT SMARTER WAYS
OF SOLVING "PEAK DEMAND" WITHOUT
TAKING A ENVIRONMENTAL & ECONOMIC
IMPACT ON NEW HAMPSHIRE,
LIVE FREE OR DIE, NEW HAMPSHIRE!

Respectfully

Karen Miller
