REQUEST

Ref. Response to Data Request Staff 2-14. Did the company explicitly evaluate scenarios with capacity other than the 115,000 Dth per day? If so, please provide supporting documents.

RESPONSE:

The Company did not evaluate scenarios with capacity other than the 115,000 Dth per day requested in the Company's filing. As stated in its response to Staff request Staff 2-14, the Company believes it has demonstrated in its testimony that the 115,000 Dth per day of capacity on the NED contract is appropriate and required to satisfy its firm sales customer requirements for the 20-year period of the contract. The Company believes the NED project to be a unique opportunity that may not be available again and the capacity commitment level is needed to economically meet the growing needs of EnergyNorth's customers and to facilitate economic expansion of EnergyNorth's service territory.
