Re: Docket No. DE 16-015
Green Mountain Power Corporation Petition for License to Construct and
Maintain Electric Lines over and across the Sugar River in the City of
Claremont, New Hampshire

Dear Ms. Howard:

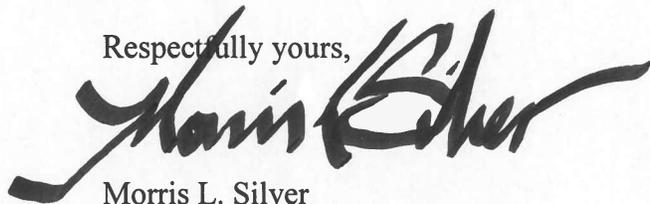

As directed by the Commission's Order *Nisi*, Green Mountain Power Corporation ("GMP") has caused to be published a legal notice relative to the above-captioned docket. The legal notice appeared in The Eagle Times on May 14, 2016.

Also as directed by the Commission's Order *Nisi*, on May 9, 2016, GMP mailed a copy of the Order *Nisi* by first class U. S. Mail to: (i) the Town Clerk of Claremont, New Hampshire; (ii) the New Hampshire Attorney General and all owners of the land bordering on the Sugar River at the location of the crossing; and (iii) the New Hampshire Department of Environmental Services.

Enclosed are the required affidavit of publication with a copy of the legal notice attached, and an affidavit of mailing.

Should you have questions please do not hesitate to contact me. In the meantime I remain,

Respectfully yours,

Morris L. Silver

 and
 MONDAY, MAY 23rd - WEDNESDAY, MAY 25th

We will be cleaning the ENTIRE CITY WATER DISTRIBUTION SYSTEM as part of our annual maintenance program to maintain high quality potable water and provide continued flow capacities. Although this process will produce temporary discoloration and pressure fluctuations, the safety of the water is NOT compromised in any way. However, we would advise scheduling washing clothes and cleaning projects at other times.

It is suggested that Restaurants, Laundromats, etc. keep their use to a minimum until the water clears. The water system will be riled and cloudy, but this condition will clear upon completion of the work.

GREEN MOUNTAIN POWER
 Petition for License to Construct and Maintain Electric Lines Over and Across the Sugar River in the City of Claremont
 Summary of Order *Nisi* No. 25,894 Granting Water Crossing License
 May 6, 2016

On May 6, 2016, the Commission approved a petition filed pursuant to RSA 371:17 by Green Mountain Power Corporation (GMP), requesting a license to upgrade and maintain electric lines over and across three locations on the Sugar River in Claremont, New Hampshire.

New poles and electric lines are necessary to better serve customers. The existing lines were constructed over 50 years ago. The transmission line segments are an integral part of GMP's transmission system and the overall New England transmission grid. The electric lines are necessary to meet the reasonable requirements of service to the public. Commission Staff reviewed the petition and recommended that the license be granted provided that the construction and designs conform to applicable sections of the National Electrical Safety Code (NESC).

The petition and subsequent docket filings, other than any information for which confidential treatment is requested or granted by the Commission, are posted to the Commission's website at <http://puc.nh.gov/Regulatory/Docketbk/2016/16-015.html>.

The Commission granted GMP's request for a license to cross the public waters of Sugar

River by order *nisi* dated May 6, 2016, subject to certain conditions related to the safe construction, operation and maintenance of the proposed crossing. The Commission granted the order on a *nisi* basis to ensure that the public receives notice of this docket and has an opportunity to request a hearing. All persons interested in responding to the Commission's action may submit their comments or file a written request for a hearing, which states the reason and basis for a hearing, no later than

GREEN MOUNTAIN POWER

Petition for License to Construct and Maintain Electric Lines Over and Across the Sugar River in the City of Claremont

Summary of Order *Nisi* No. 25,894 Granting Water Crossing License

May 6, 2016

On May 6, 2016, the Commission approved a petition filed pursuant to RSA 371:17 by Green Mountain Power Corporation (GMP), requesting a license to upgrade and maintain electric lines over and across three locations on the Sugar River in Claremont, New Hampshire.

New poles and electric lines are necessary to better serve customers. The existing lines were constructed over 50 years ago. The transmission line segments are an integral part of GMP's transmission system and the overall New England transmission grid. The electric lines are necessary to meet the reasonable requirements of service to the public. Commission Staff reviewed the petition and recommended that the license be granted provided that the construction and designs conform to applicable sections of the National Electrical Safety Code (NESC).

The petition and subsequent docket filings, other than any information for which confidential treatment is requested of or granted by the Commission, are posted to the Commission's website at <http://puc.nh.gov/Regulatory/Docketbk/2016/16-015.html>.

The Commission granted GMP's request for a license to cross the public waters of Sugar

River by order *nisi* dated May 6, 2016, subject to certain conditions related to the safe construction, operation and maintenance of the proposed crossing. The Commission granted the order on a *nisi* basis to ensure that the public receives notice of this docket and has an opportunity to request a hearing. All persons interested in responding to the Commission's action may submit their comments or file a written request for a hearing, which states the reason and basis for a hearing, no later than May 23, 2016. Any person(s) responding to such comments and requests for hearing shall do so no later than May 31, 2016. Following consideration of any comments and requests for hearing received, the Commission may further extend the final effective date of its order. Unless the Commission orders otherwise, the order *nisi* shall become final and effective on June 3, 2016.
