ELECTRICITY: Weighted Average Cost of Electricity (WACOE) -- Physical electricity prices are determined by computing an hourly (or 15 min. interval) weighted average cost. The WACOE is based on your physical price agreement with Noble Americas Energy Solutions, actual aggregate usage, and various ancillary service charges and fees charged by your Regional Transmission Organization (RTO). Initial invoices may be based on estimated RTO charges and/or estimated aggregate usage. Initial invoices, if estimated, will be recalculated when all actual charges can be determined. Any adjustments will be included in the current invoice.
