SUBJECT: DM 16-381, Accenture LLP
Renewal of Registration to Provide Natural Gas Aggregation Service
TO: Commission
Debra Howland, Executive Director

On March 30, 2016, Accenture LLP (Accenture) filed an application to renew its registration as a provider of natural gas aggregation service. On April 27, 2016, Accenture requested a waiver of Puc 3003.05(a) which requires a renewal application to be filed 60 days before the registration expiry date May 12, 2016. Accenture's renewal application was due on or before March 11, 2016. Accenture explained that the delay was due to a clerical mistake and already took remedial action.

Staff has reviewed the application and has determined that the filing is complete. As this is the first time Accenture was late to file its renewal application, Staff recommends the Commission grant Accenture's waiver request this time only and approves its renewal application to provide natural gas aggregation service, effective from May 13, 2016, for a term of 5 years.
