May 27, 2016

State of New Hampshire
Public Utilities Commission

DE 16-384, UNITIL ENERGY SYSTEMS, INC.,
Notice of Intent to File Rate Schedules

ReVision Energy, LLC (ReVision") submits this Petition for Intervention in the above referenced docket, and states the following:

1. ReVision is a full service renewable energy contracting company that provides engineering, design, installation and equipment service for homes, businesses, municipal buildings and nonprofits. ReVision's mission is to help the people and businesses of New Hampshire transition away from fossil fuels to sustainable, zero-emission, renewable solar energy.

2. ReVision has offices in Exeter and Concord, New Hampshire and Portland and Liberty Maine. Since 2010, ReVision has installed thousands of grid-tied solar photovoltaic energy systems in New Hampshire. ReVision has over 120 employees, almost half of whom live or work in New Hampshire.

3. ReVision has a direct, personal pecuniary interest in electric rate structures that send fair and economically correct price signals to consumers and that reflect the full and complete cost of the state's electric generation, transmission, and distribution systems. Electric rate tariffs that disincent customers from installing renewable distributed generation would directly and negatively affect ReVision's business and the jobs it has created in the state.

4. ReVision's participation in the proceeding is in the interest of justice and will not disrupt the orderly conduct of this proceeding, or delay the proceedings.

Therefore, ReVision Energy, LLC, respectfully requests that it be granted full intervenor status in this proceeding.

Respectfully submitted,
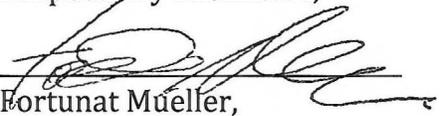

Fortunat Mueller,
Managing Member

Certificate of Services

I certify that on May 27, 2016 a copy of the foregoing was hand-delivered to the NH

Public Utilities Commission and the Office of Consumer Advocate, and sent

electronically to the Utilities and all other parties on the Service List in DE 16-384.
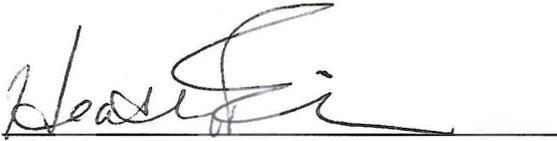

Heather Fournier,
NH Branch Manager
