Re: Transfer of License

Dear Executive Director,

I am writing to let you know that Hospital Energy is transferring its New Hampshire electricity and natural gas licenses from Hospital Energy Services, LLC, (HES), to its parent company, Hospital Energy, LLC, (HE).

Since HE and HES share identical ownership, staff and services, there would be no change in service to our New Hampshire clients or in our ability to fulfill our duties under New Hampshire law and PSC regulations.

Please let me know if you have any questions or concerns. Many thanks!

Sincerely,

A handwritten signature in black ink, appearing to read "Mark Mininberg", with a stylized flourish at the end.

Mark Mininberg  
President
